EAGLES GET INTO THE ARENA

THE MAN IN THE ARENA

by Theodore Roosevelt

"It is not the Critic who counts, not the one who points out how the strong man stumbled or how the doer of deeds might have done them better.

The credit belongs to the man who is actually in the arena, whose face is marred with sweat and dust and blood; who strives valiantly; who errs and comes short again and again; who knows the great enthusiasms, the great devotions, and spends himself in a worth cause; who, if he wins, knows the triumph of high achievement; and who, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who know neither victory nor defeat."

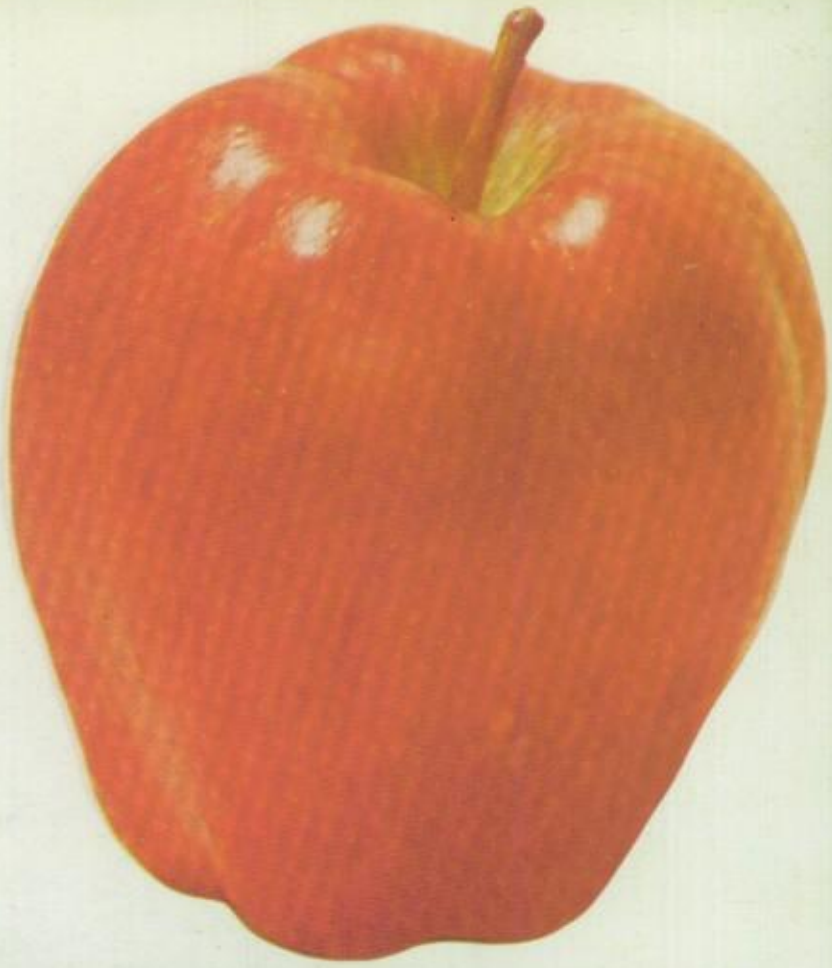
A is for apple.



Many times in our society, which is devoted to the leisure hour, we forget about the forms of mental discipline necessary to achieve this level of social ease. Many students spend their entire highschool career looking for a good time. But that is not what high school is all about. Of course, school spirit, pride, and enthusiasm are vital parts of a healthy high school, but the element that separates the high schools from the play schools is whether or not its graduates are prepared to lead a productive life. At Del City, many opportunities are provided for students to advance themselves in scholarship, leadership, and sportsmanship. Those who take advantage of these opportunities are truly fortunate. Those who stand in the shadows must settle the score with their own conscience. The pictures on these pages are not given as examples of personalities, but rather as examples of opportunities.

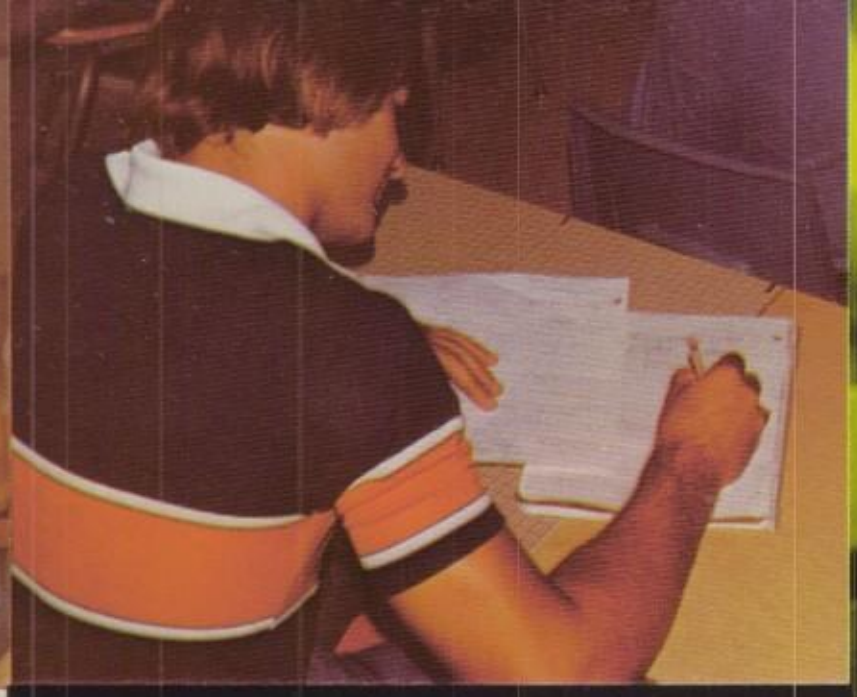
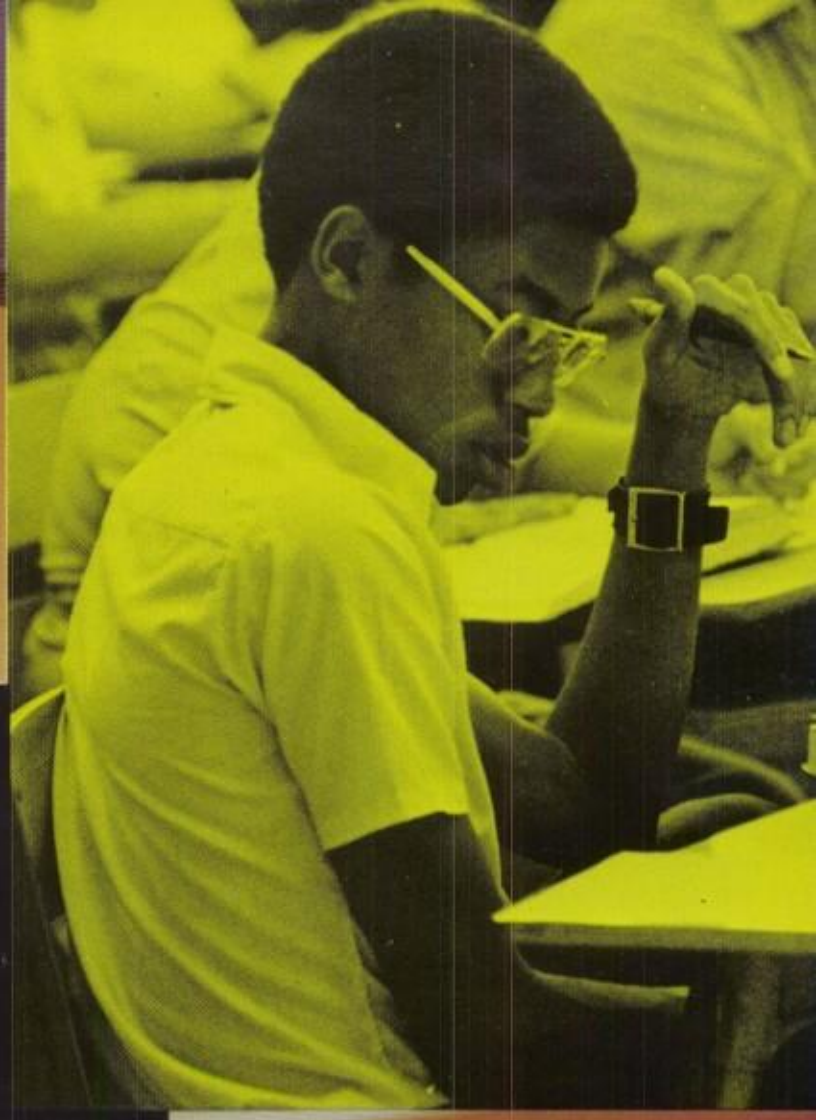
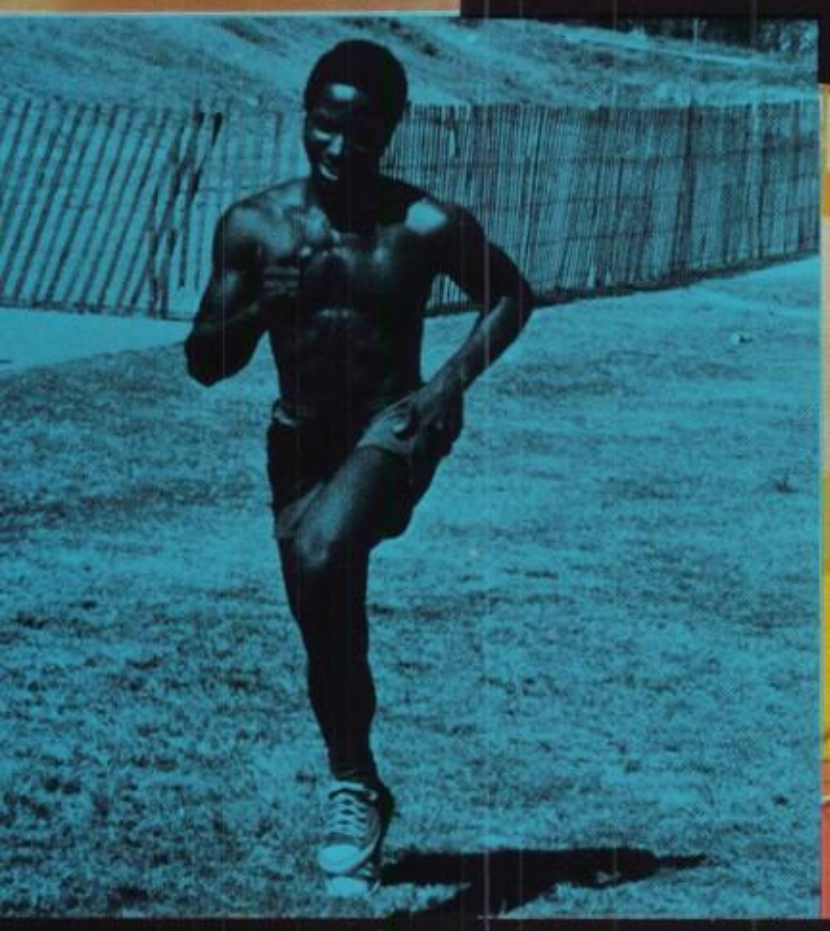
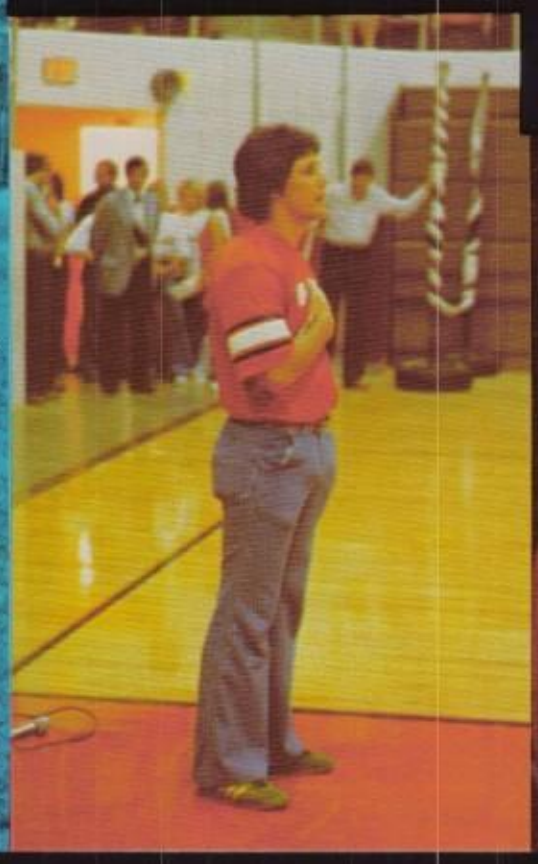
Kim Cole participates in one of Mrs. Walker's fantastic spelling tests.

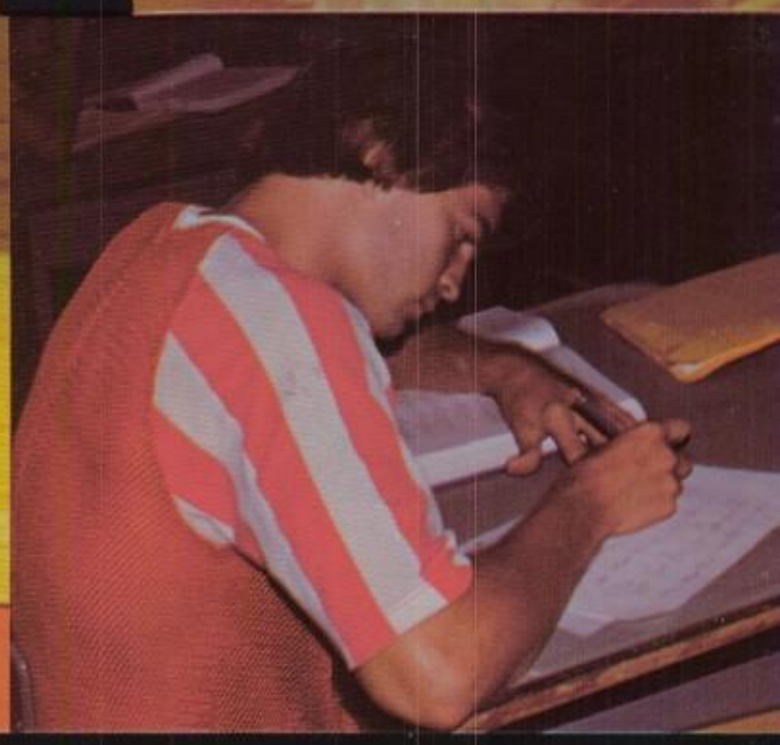




ACHIEVEMENT

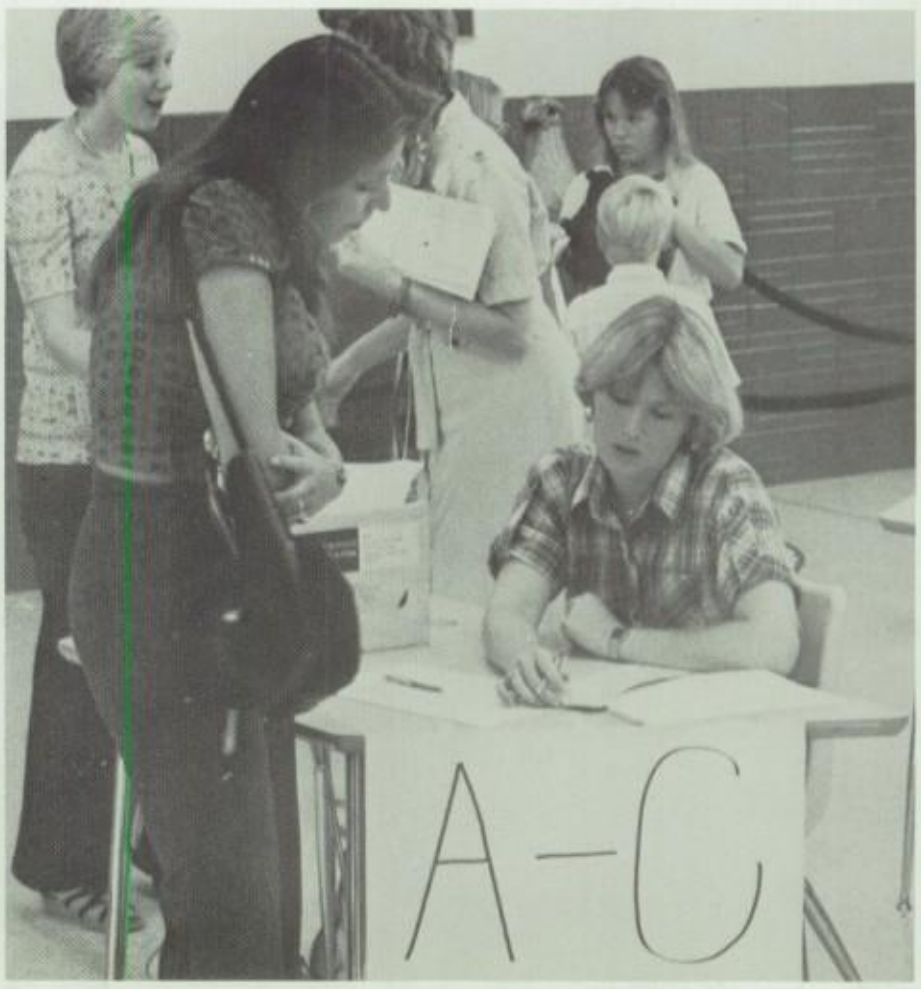






TAKE TIME . . .

. . . to be happy.



. . . to work things out.

. . . to talk things over.

. . . to find out where you are.

. . . to have a laugh.

. . . to watch a sun rise.

. . . to ponder.

EAGLES UNITE

Throughout the year, one of the few things that students do together is participate in pep assemblies. The enthusiasm that radiates from a pep assembly delivers its greatest impact, not to athletic success, but to a healthy school spirit. After all, where else does the student body get a chance to see who and what it really is? The pep assembly lets the students see what the spirit of being an Eagle is and what it is like to belong to, to be a part of, high school. For these reasons it is displayed here so that one might remember its value.

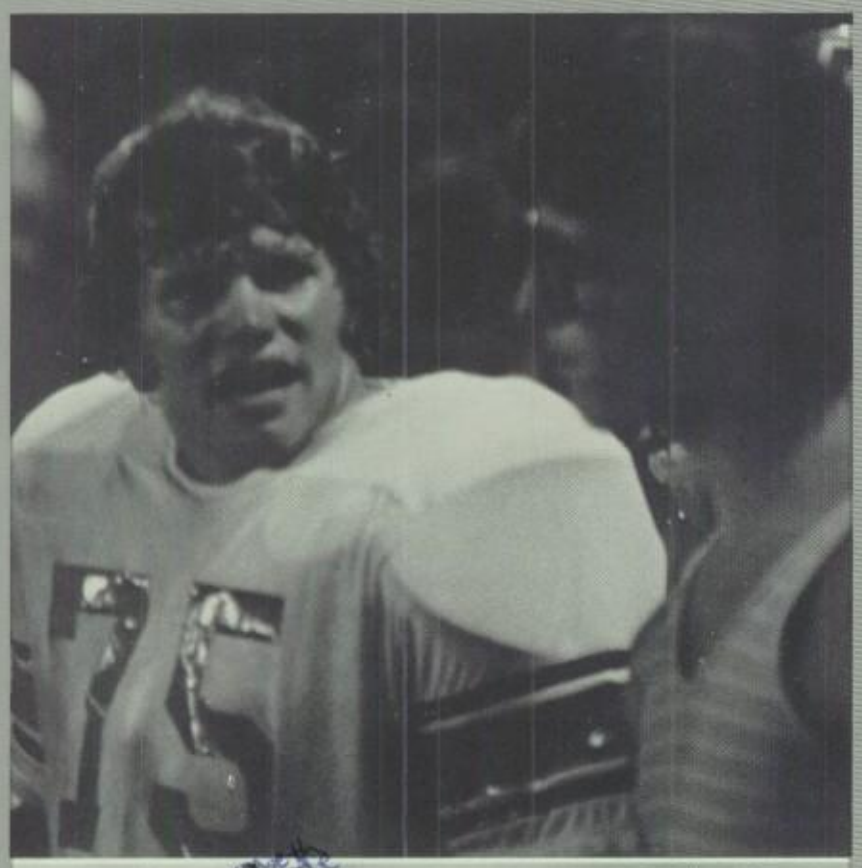
STUDENT LIFE



DREAMER OF DREAMS

by

William Carruth

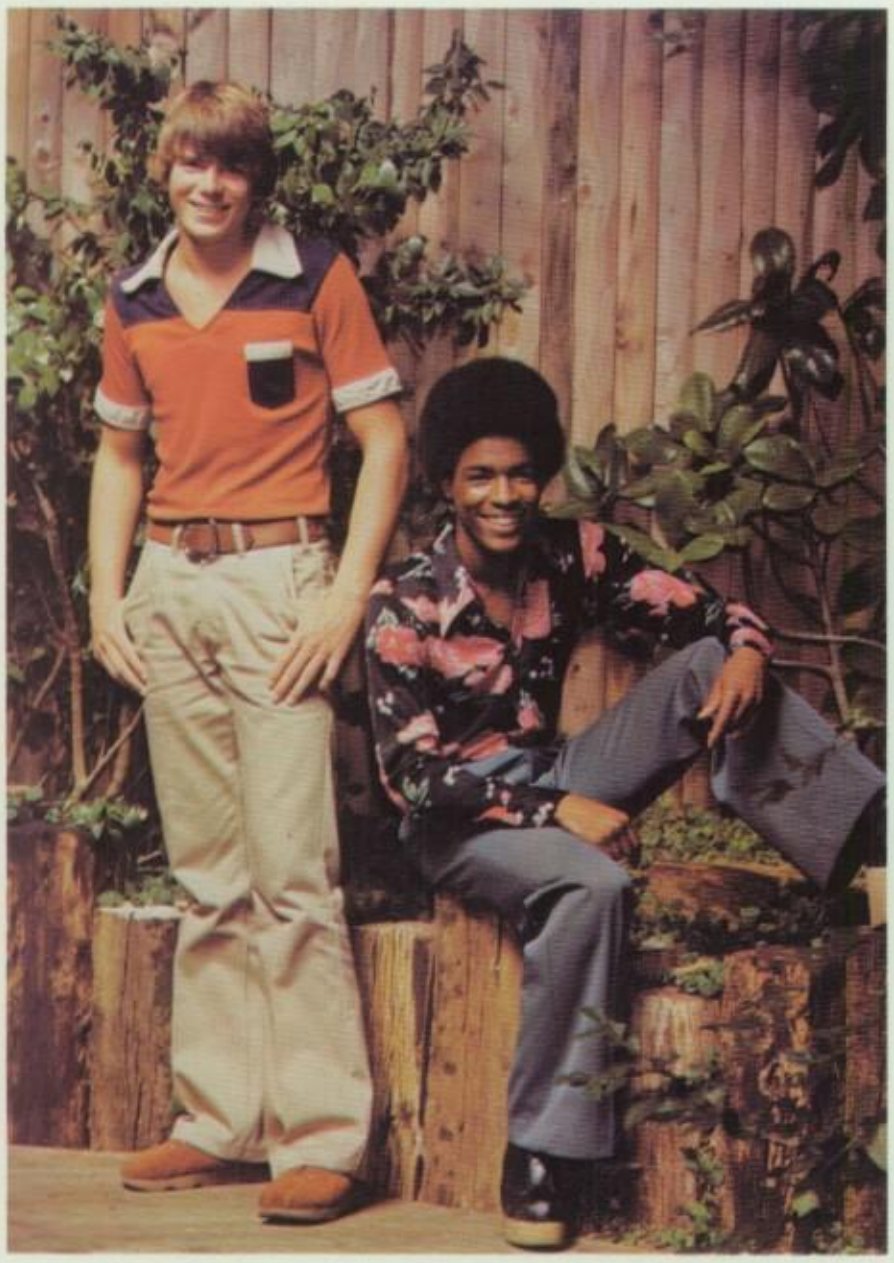
We are all of us dreamers of dreams,
On visions our childhood is fed;
And the heart of the child is unhaunted, it seems,
By the ghosts of dreams that are dead.

From childhood to youth's but a span,
And the years of our life are soon sped;
But the youth is no longer a youth, but a man,
When the first of his dreams is dead.

'Tis a cup of wormwood and gall,
When the doom of a great dream is said;
And the best of a man is under the pall,
When the best of his dreams is dead.

He may live on by compact and plan,
When the fine bloom of living is shed;
But God pity the little that's left of a man
When the last of his dreams is dead.

Let him show a brave face if he can,
Let him woo fame or fortune instead —
Yet there's not much to do but to bury a man
When the last of his dreams is dead.



To most people, the clothes you wear depict the type of person you are. Here at DCHS we have all sorts of personalities with a wide variety of clothes. These 8 models are an example of some of the more common dress for 77-78. ABOVE LEFT: Bobbie McNeil and Skipper Hill; BELOW: Lezlie Livesay and Max Hughey. HOMECOMING '77 BECOMES MEMORY

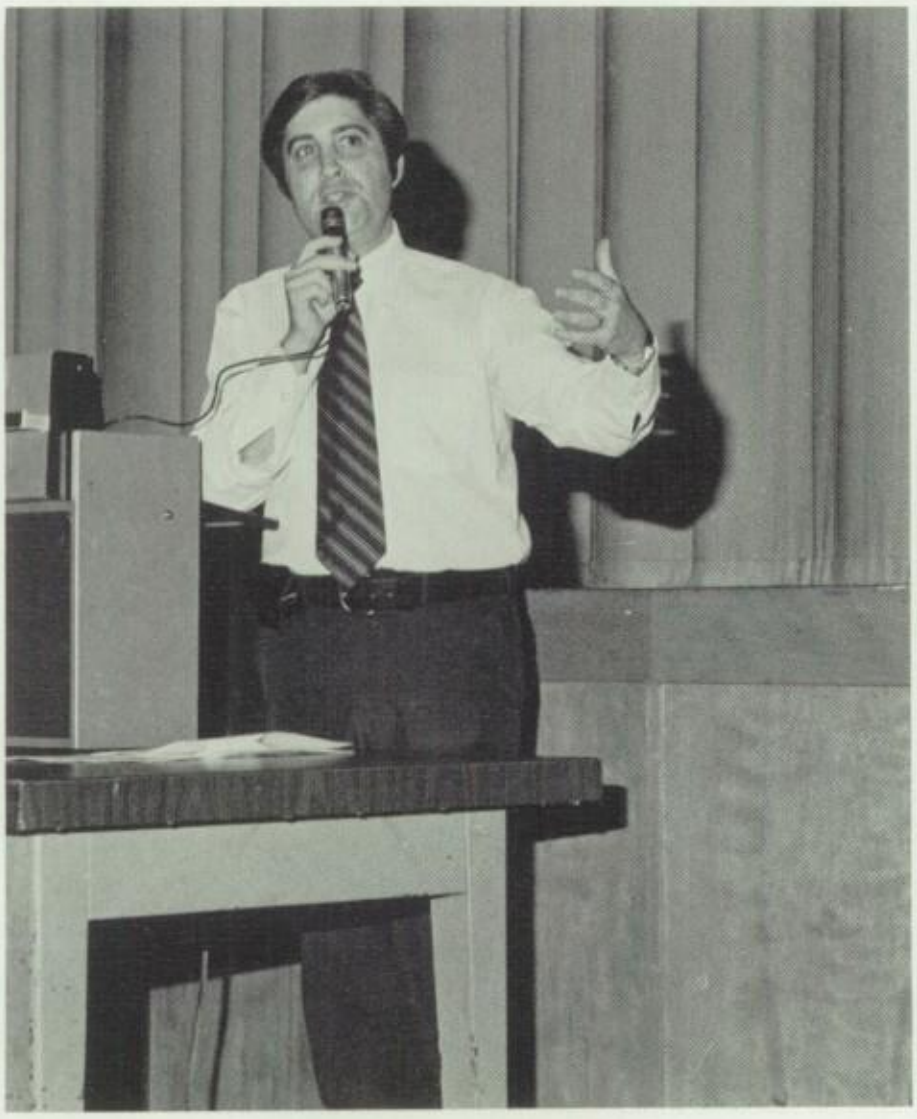
Homecoming '77 was a great success this year. With over 2,100 students here, we worked together and put on the best parade in years. There was the usual boasting of the seniors telling the juniors and sophomores who's going to win. And all the students were telling everyone how they were going to whip the Carl Albert Titans.

On September 30, the day of judgement came. Students came to school wearing red & white and their spirit ribbons were flying in the gusty breeze. 1st . . . 2nd . . . and 3rd hour slipped by and the long awaited drum corp came marching down DCHS halls, summoning the students to follow them to the fieldhouse. The band was playing, the Pep Club and the Rednecks were yelling spirit cheers and the students were getting ready for the assembly to start. The announcer came forward to announce the winners in the mini-floats and Homeroom decoration contest. For the Mini-Floats, 1st Place went to Mr. Corder's homeroom with "Scrub the Titans." The decorated homeroom award went to Mr. Hawkins with the "Most original Room" and Mrs. Walkers class placed 1st in "Closest to the Theme" Category. The full scale float winners were the Thespians 1st Place, The Student Council and the Junior Class came in third, respectfully. The day was topped off with a great Homecoming victory over Carl Albert, 21-10.

STUDENTS GET INVOLVED IN PANAMA ISSUE



This year, as the Panama Canal issue became paramount, students in the Social Studies classes spent two to three weeks studying it. These two weeks were spent reviewing old and new treaties, and discussing opinions. The unit was highlighted by a speech in the auditorium by Congressman Mickey Edwards. There was a time for the students to ask any question or to state an opinion. Following are some of the ideas offered by some of the students in one of the social studies classes.

"I don't think we should have to pay the Panamanians for taking back the canal. . . We paid for the canal with our money and we are still paying "rent" for the land surrounding the canal. The United States has also developed the canal zone as though it was a part of the United States."

Jenny Edwards

"I feel like there would be certain benefits and losses by going either way on the Panama Canal, but personally, I feel like we should give it up because we are a very prosperous country and this is their only source of income, since Panama is a One-Product Country."

Paulette Wackerly

"I agree that there is some work that needs to be done be done on the present Panama Canal Treaty, but I don't think we should give it away, much less pay them to take it! Also if we give them the canal and the Panamains don't let us go through it, we would have a weak defense, and prices would go up on the cargo that goes through the canal. Even if we give the canal away, a section of the treaty states that Panama has to O.K. any other oceanic canal built in Latin America, and surely they won't because it would take away from their present business."

Jeff Williams

"I believe if the U.S. decides to keep our word in the treaty, and to keep international conflicts down to a minimum, I feel that we should turn over the canal to the people of Panama."

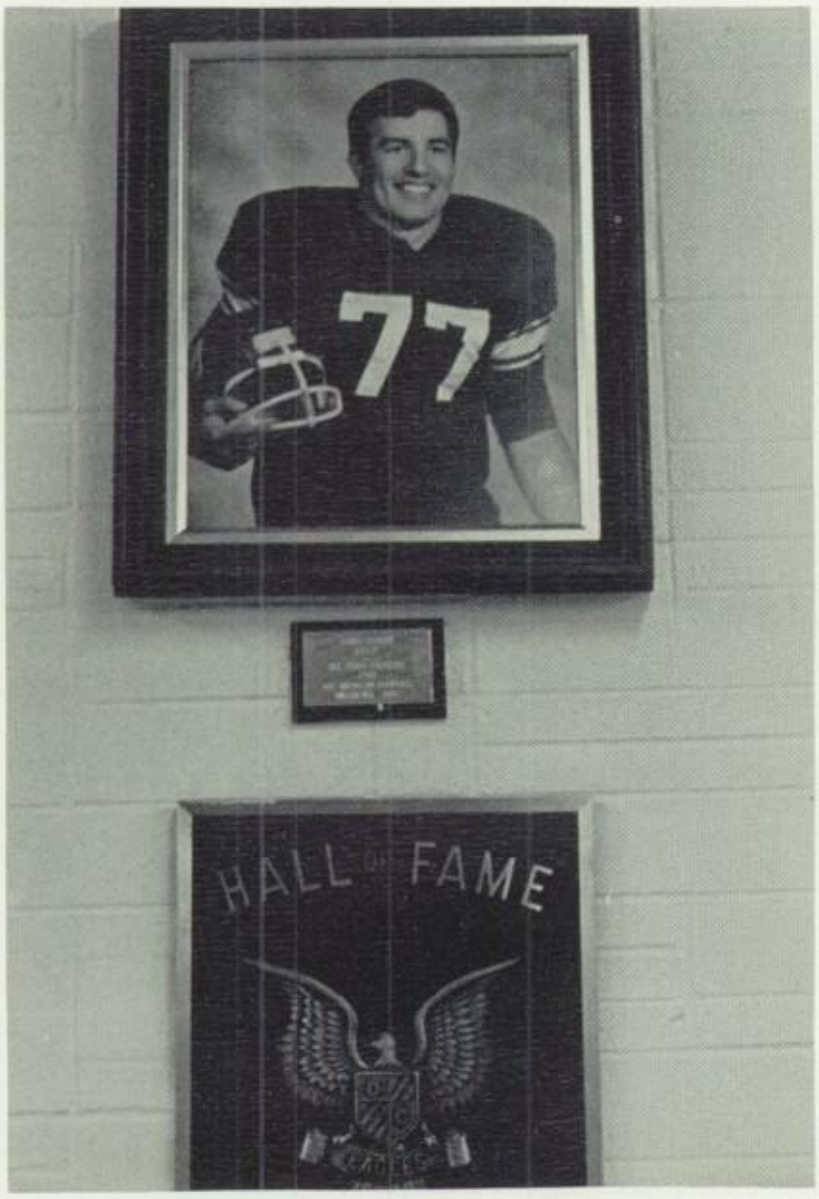
EAGLE STADIUM GETS NEW NAME



On October 3, 1977, Mr. Holland and the Administration re-dedicated Eagle Stadium in honor of a former student of Del City, Robert Kalsu.

When Robert graduated in 1963, he had accumulated many honors and awards. He was a member of the Student Council, and the Sergeant-at-arms of the D-Club. He was also chosen as a senior favorite, Most Athletic. While here at DCHS he and a member of the basketball team and Boy's state.

When he graduated, he received a scholarship to the University of Oklahoma, where he was a college All-American. After college he was drafted to the Buffalo Bills. After two outstanding years with the Bills, he volunteered for the Armed Services. Unfortunatally, this fine young man was killed in action in Viet Nam.

Robert is still very much respected by those who remember him. In his senior year, his ambition was "To make people Happy."

TALENT SHOW A SUCCESS

This years Talent Show was a huge success. Sponsored by the Student Council, it was run smoothly and efficiently.

The entire show was a bombshell of talent. Not only were the performers outstanding, but the stage crew was well organized in their efforts backstage. Their timing and technical abilities were fantastic.

The winners were Kristy Haynes, with first place, Denise Fullbright, Second, and Marla McMeans with Third Place. The unanimous Crowd-Pleaser was Steve Seeds on his Fiddle.

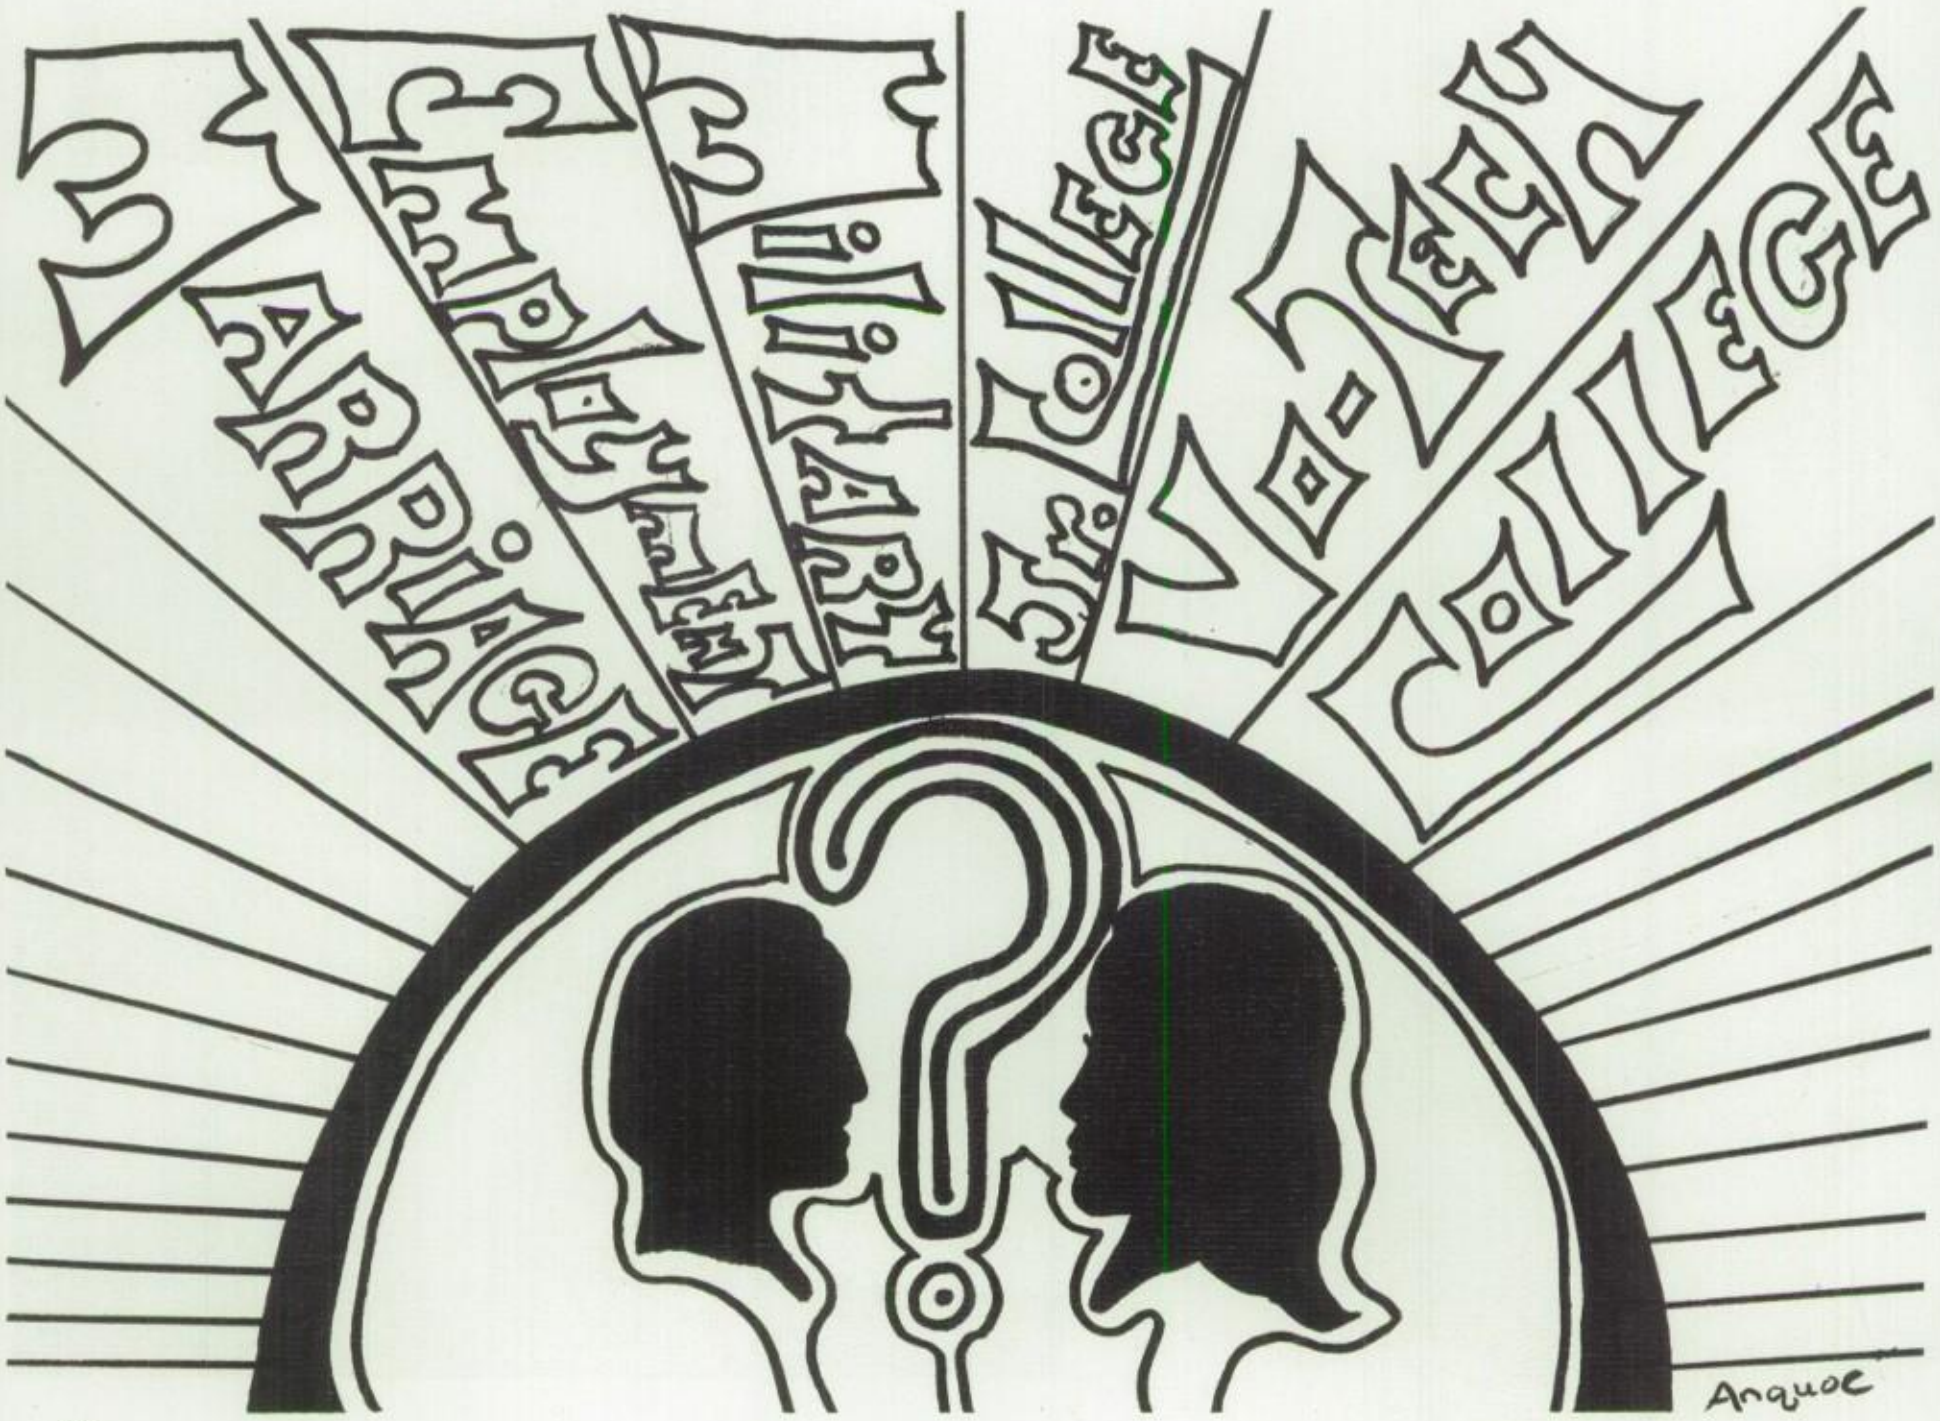
This is a very special day most people don't realize it will never come again. We will never have a chance to relive what we have done, be it right or wrong, the decisions we make will be with us for the rest of our lives. Most students don't have any idea of what they really want in life or what direction that life will take them.

With the world expanding and more jobs that need to be filled, there are literally millions of opportunities that a person can grab hold of. Do you know?



WHAT'S AHEAD IN LIFE.

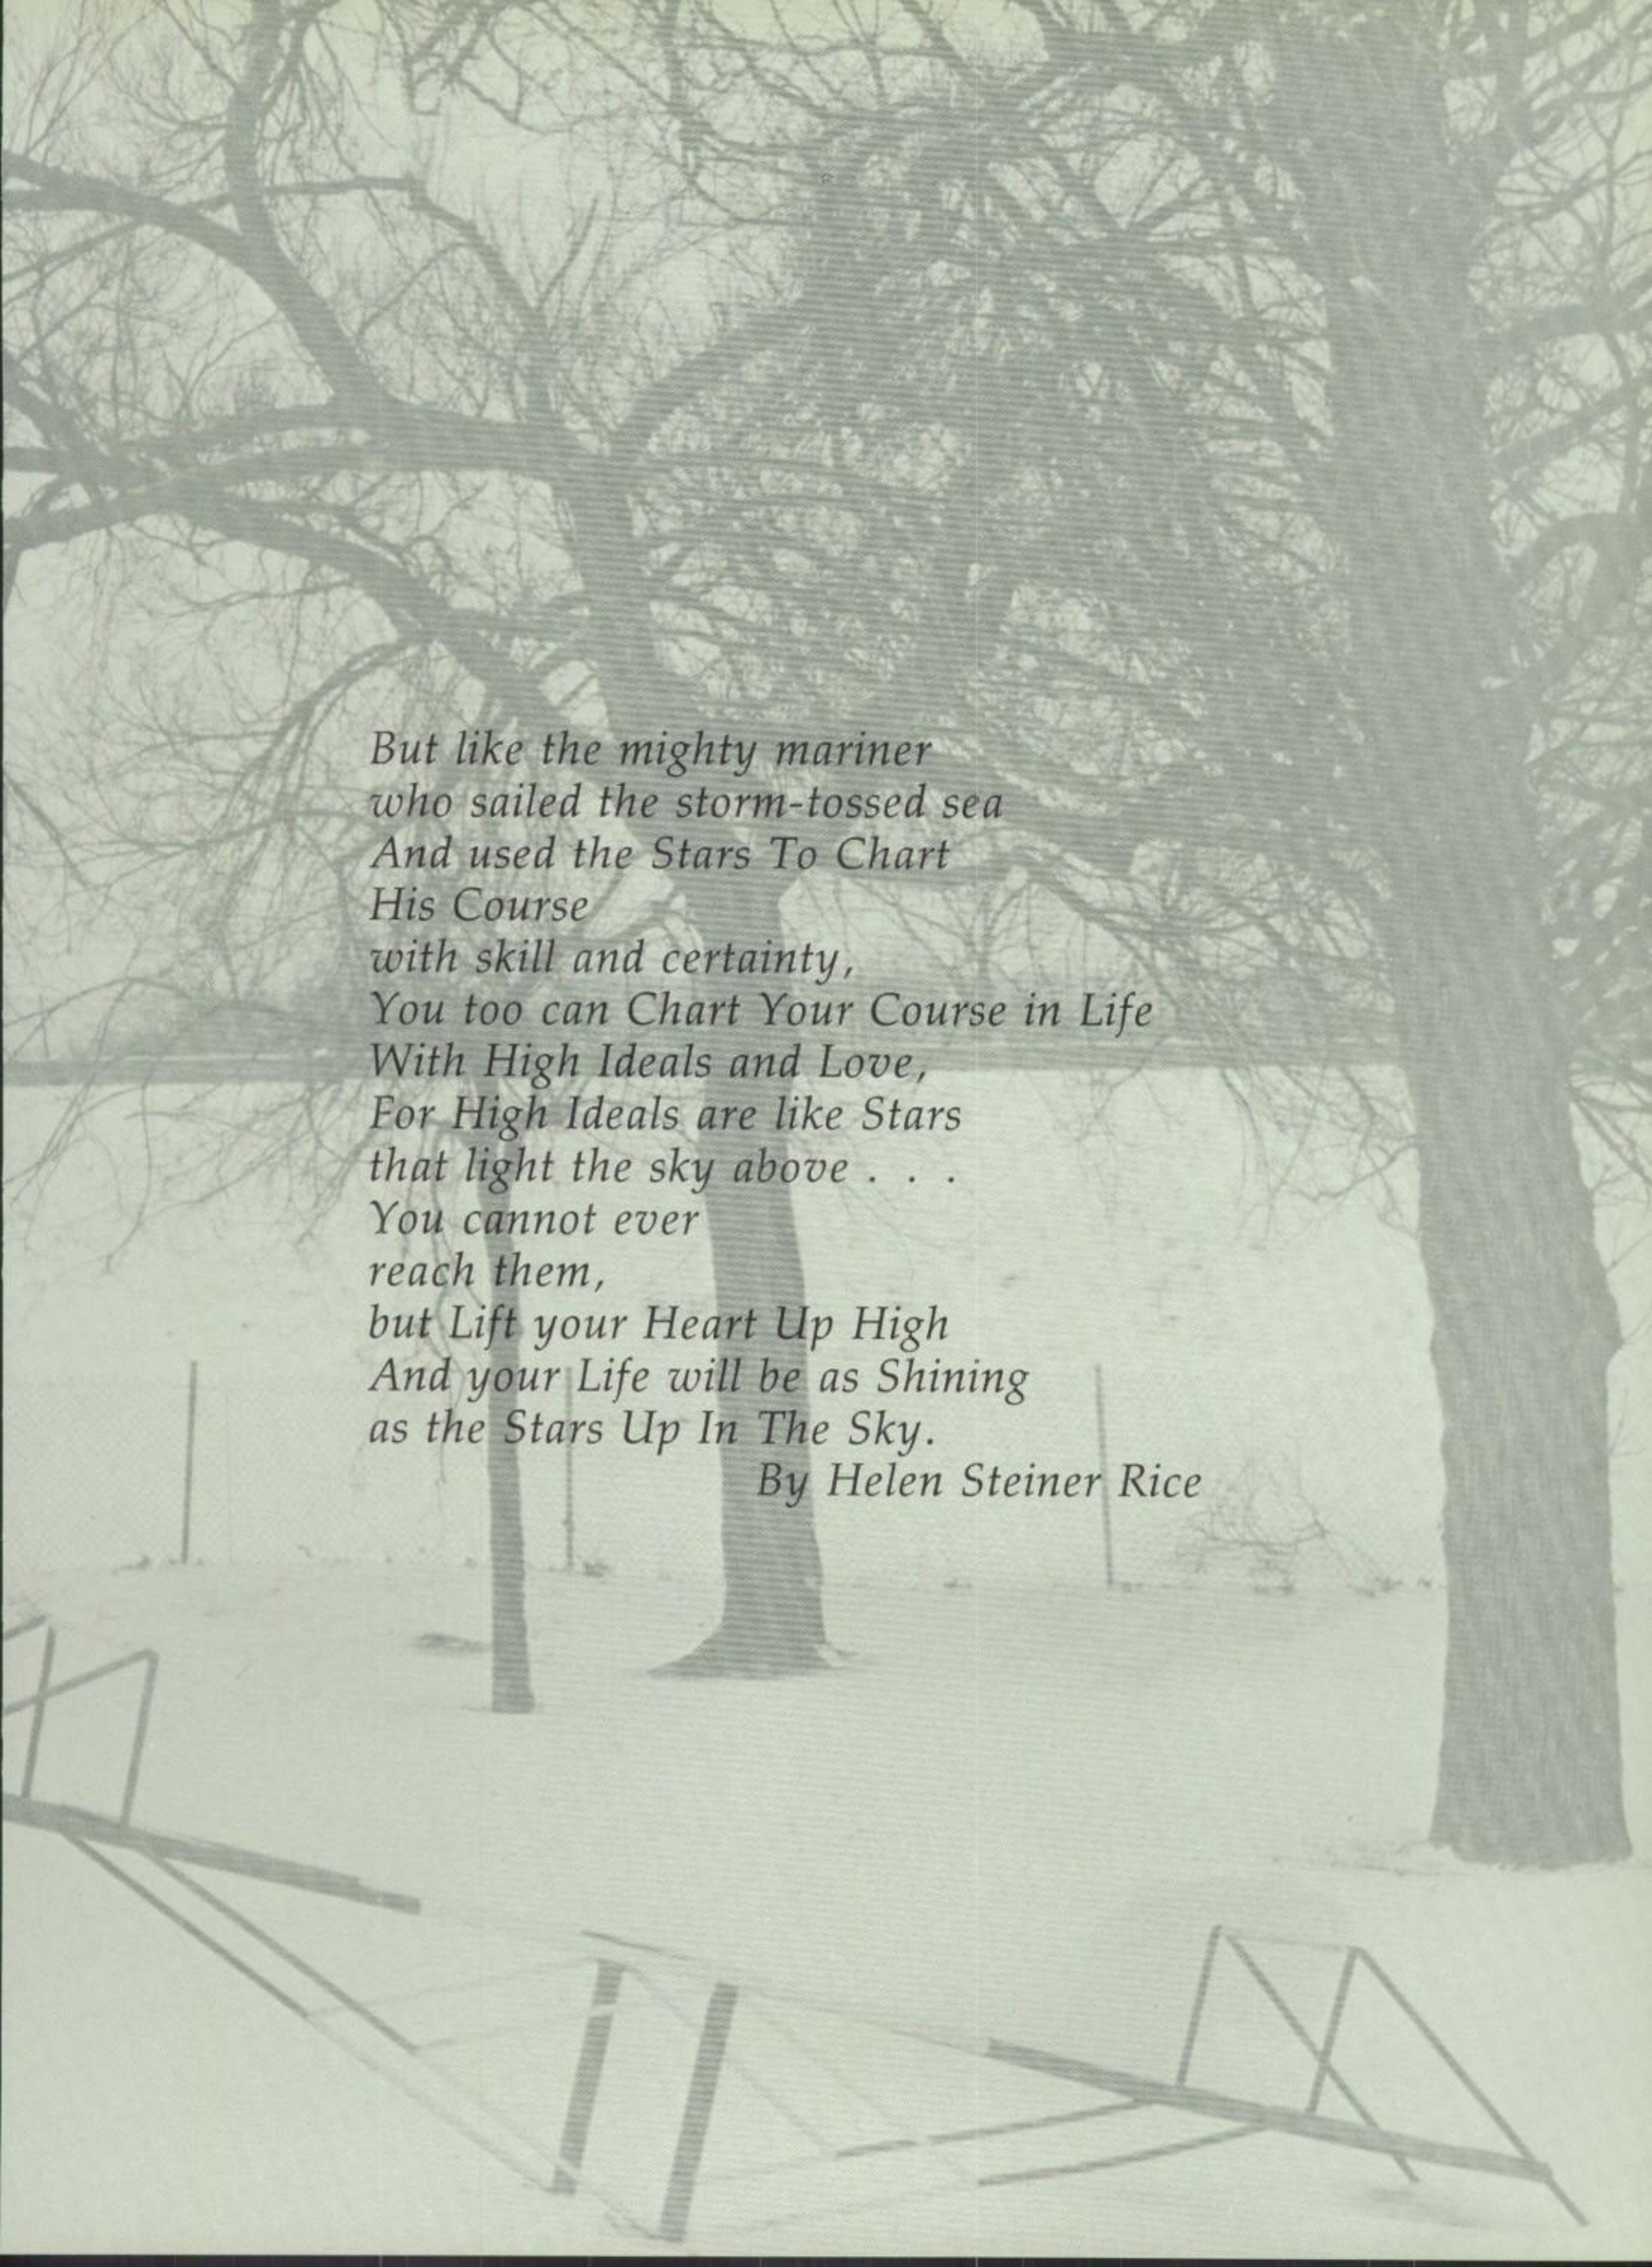
"Ideals Are Like Stars"

In this world of casual carelessness
it's discouraging to try
To keep out morals and standards
and our Ideals High . . .
We are ridiculed and laughed at
by the smart sophisicate
Who proclaims in brittle banter
that such things are
out of date . . .
But no life is worth the living
unless it's built on truth,
And we lay our foundation
in the golden years of youth . . .
So allow no one to stop you
or hinder you from laying
A firm and strong foundation
made of Faith and Love
and Praying . . .
And remember that Ideals
Are Like Stars Up In The Sky,
You can never really reach them,
hanging in the heavens high . . .



But like the mighty mariner
who sailed the storm-tossed sea
And used the Stars To Chart
His Course
with skill and certainty,
You too can Chart Your Course in Life
With High Ideals and Love,
For High Ideals are like Stars
that light the sky above . . .
You cannot ever
reach them,
but Lift your Heart Up High
And your Life will be as Shining
as the Stars Up In The Sky.

IN BROKEN IMAGES

by Robert Graves

He is quick, thinking in clear images;
I am slow, thinking in broken images.

He becomes dull, trusting to his clear images;
I become sharp, distrusting my broken images.

Trusting his images, he assumes their relevance.

Assuming their relevance, he assumes the fact;
Questioning their relevance, I question the fact.

When the fact fails him, he questions his senses;
When the fact fails me, I approve my senses.

He continues quick and dull in his clear images;
I continue slow and sharp in my broken images.

He in a new confusion of his understanding;
I in a new understanding of my confusion.

LANGUAGE ARTS

English is becoming more a thing of the future rather than of the past. More people are beginning to care about knowing the right usage of our language. Del City High's English department is working to help the students of Del City to understand this and learn to use our language effectively. Top-Journalism students work hard. Center left — Tests take time. Center Right — Junior English classes have some free time. Bottom — Senior English class is a challenge. Opposite page: Top — Mr. Corder discusses with his class. BIOLOGY —

The nine studies of science available at Del City High are: Biology, Advanced Biology, Chemistry I and II, Astronomy, Aero Science, Earthscience, PSSC Physics, and Physiology. Because of the many different studies of science offered, each student can find the science field he is most interested in studying. Top — Mr. Newman's class listens during a lecture. Middle left — Chemistry can sometimes be confusing. Bottom left — Mr. Jones' class listens attentively.

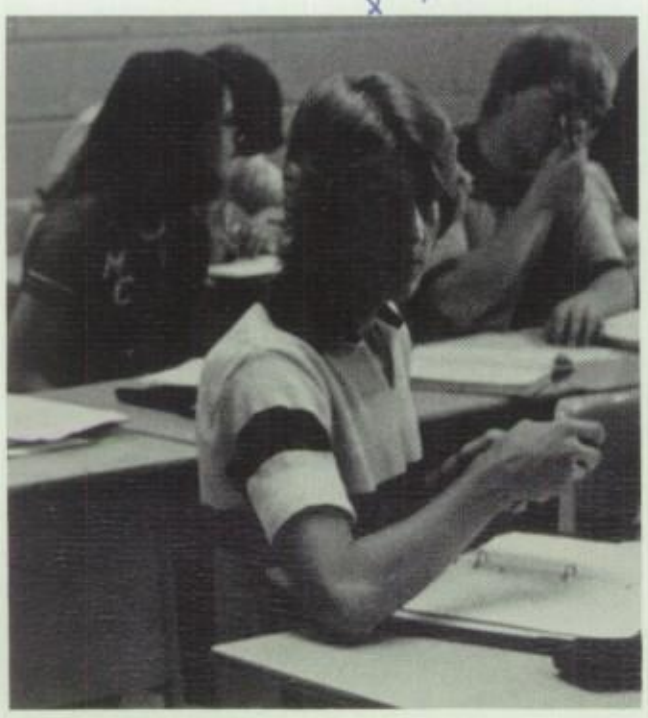
Left — Mr. Silvernail's class has many different activities. Above, This science class seems to enjoy their studys.

MATHEMATICS

Seven different courses of mathematics are available at Del City High School this year. The courses range from the basics — High School Math, to the most advanced — Math Analysis. Across — Dan Ryan, Janet Hilbert, and Mary Unsworth work hard on an assignment. Below — Concentration is not always easy. Below right — Many different expressions are exhibited in this math class. Bottom — Earl Crawford's tired from a hard day of school.



Top — This class has little trouble completing their assignment. Left — Mr. Newsom's class works hard on their assignment. Bottom — Everyone has his own idea of how math should be approached.

SOCIAL STUDIES

There are eleven different areas of Social Studies offered here at Del City High. These are: Anthropology/Sociology, American History Survey, American History A, American History B, Law and Justice/ Human Relations, Modern European History, Political Behavior, Political Economics, Psychology, and World History.

Top — This class enjoys history. Left — Concentration was hard during Eagle Homecoming. Bottom left — History is interesting to these students. Bottom right — Brad McClure joins a discussion. Opposite page bottom — Anthropology is different.

READING

This course was designed to help students improve their reading in the areas of speed and accuracy, vocabulary and comprehension. The lab work is geared mainly toward the needs of sophomores.

The students in this class are encouraged to read at their own rate of speed and to work on an individual basis. They are also taught on a more personalized basis.

At Right — Students work on their reading lab assignments.

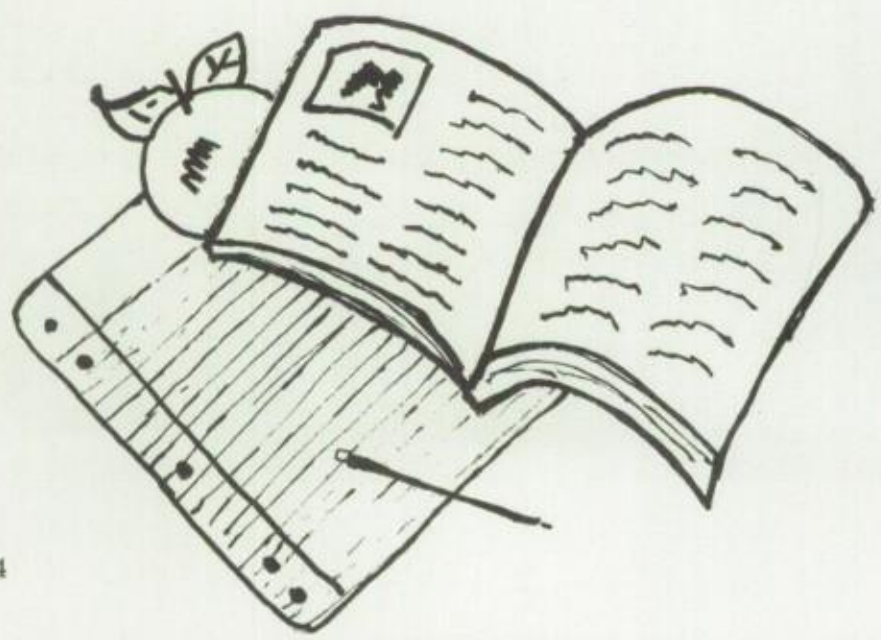
Reading can be a fun and interesting class.

Reading takes a lot of individual work.



LIBRARY

What book would you like to check out?

Library Science students learn the different functions performed in a library. This course is designed to help them better their understanding of the different ways a library can help you with your studies.

In this course students learn such tasks as the checking in and out of books, the shelving and catagorizing of books, and the setting up of a card file. They also learn the different filing techniques used in other librarys.

After completing this course students are prepared for employment in the library field.

Below: Tina Brannon searches through the file cabinet for the right book.

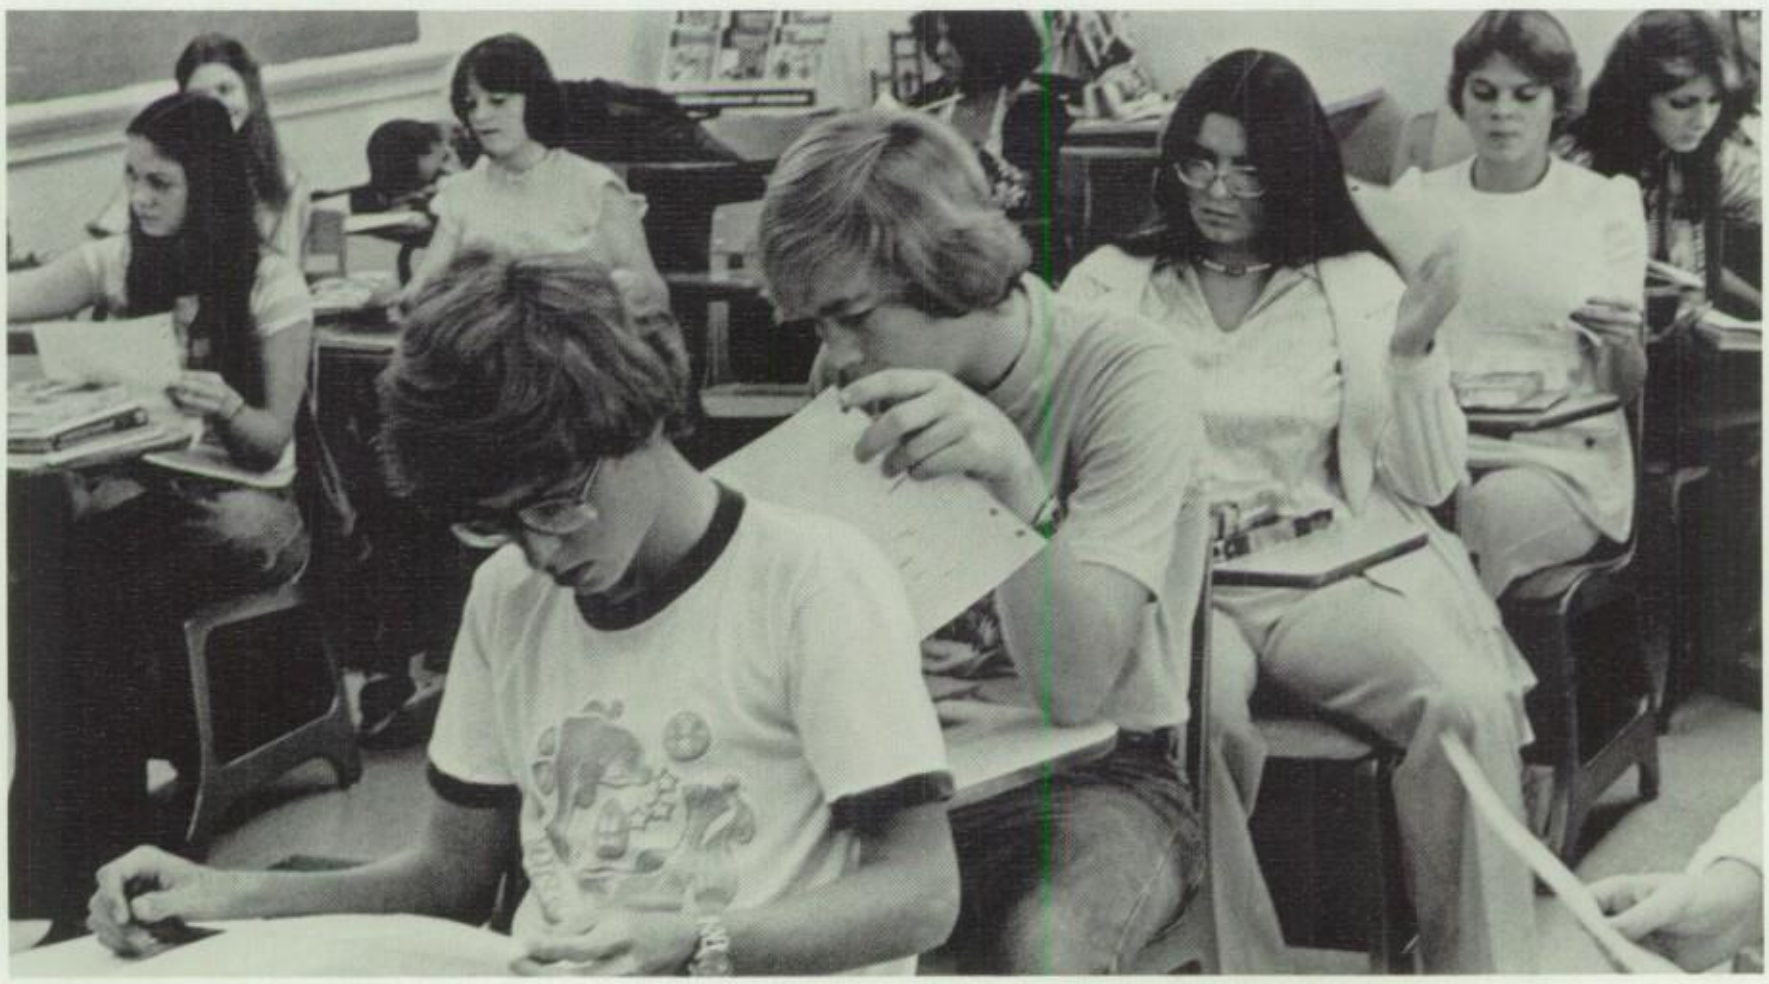
BOOKS

FOREIGN LANGUAGE

The Foreign Language department is made up of three languages: French, German, and Spanish. Each language class teaches the student not only the language, but also the culture of that language. Each course differs in the activities participated in throughout the year, but each class centers most of the classtime on the language.

French I class is an exciting experience.



Spanish class keeps students busy.

Spanish involves much studying.

French I Class has many classroom discussions.

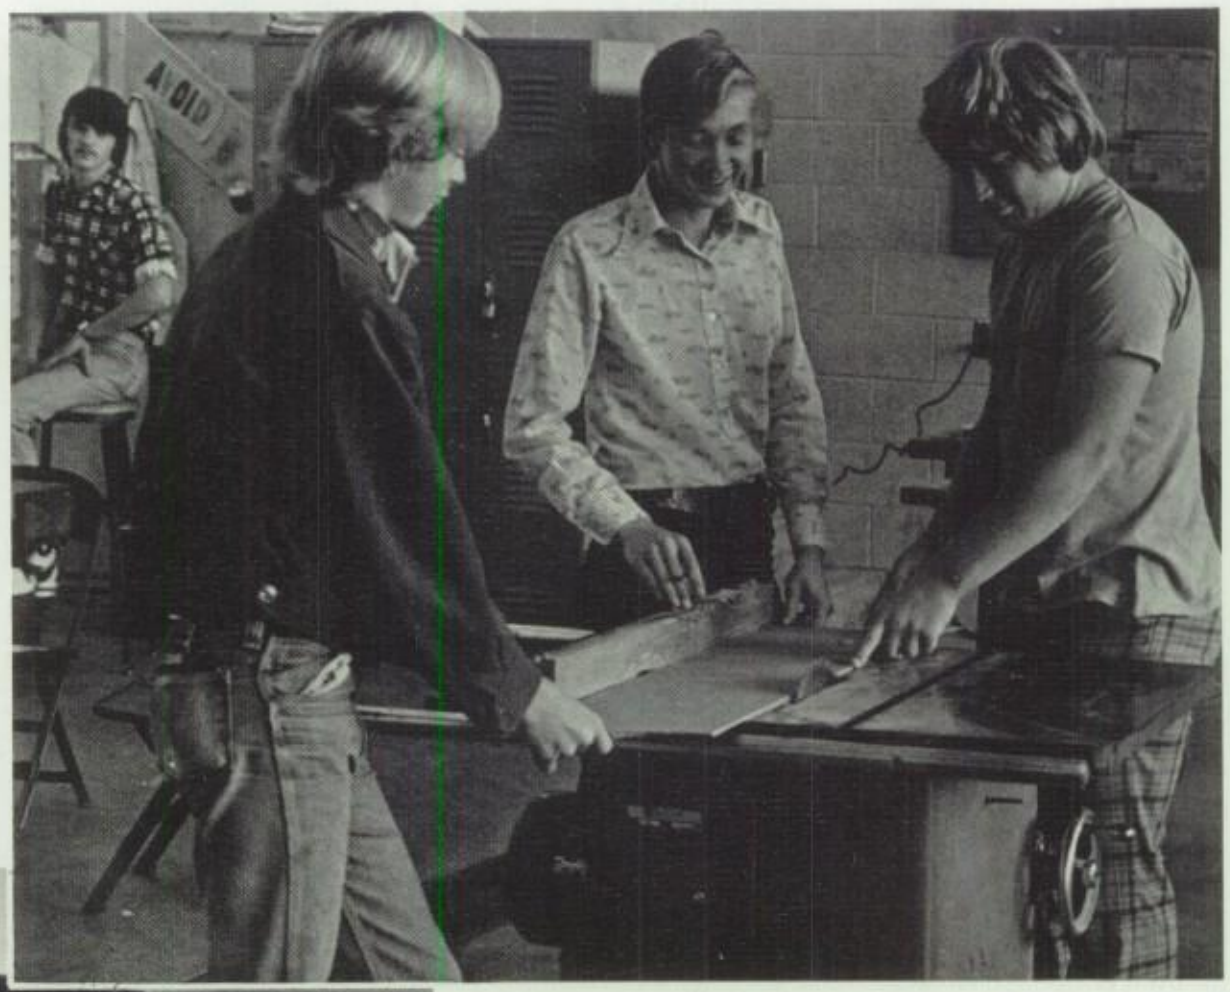
German class uses classtime for assignments.

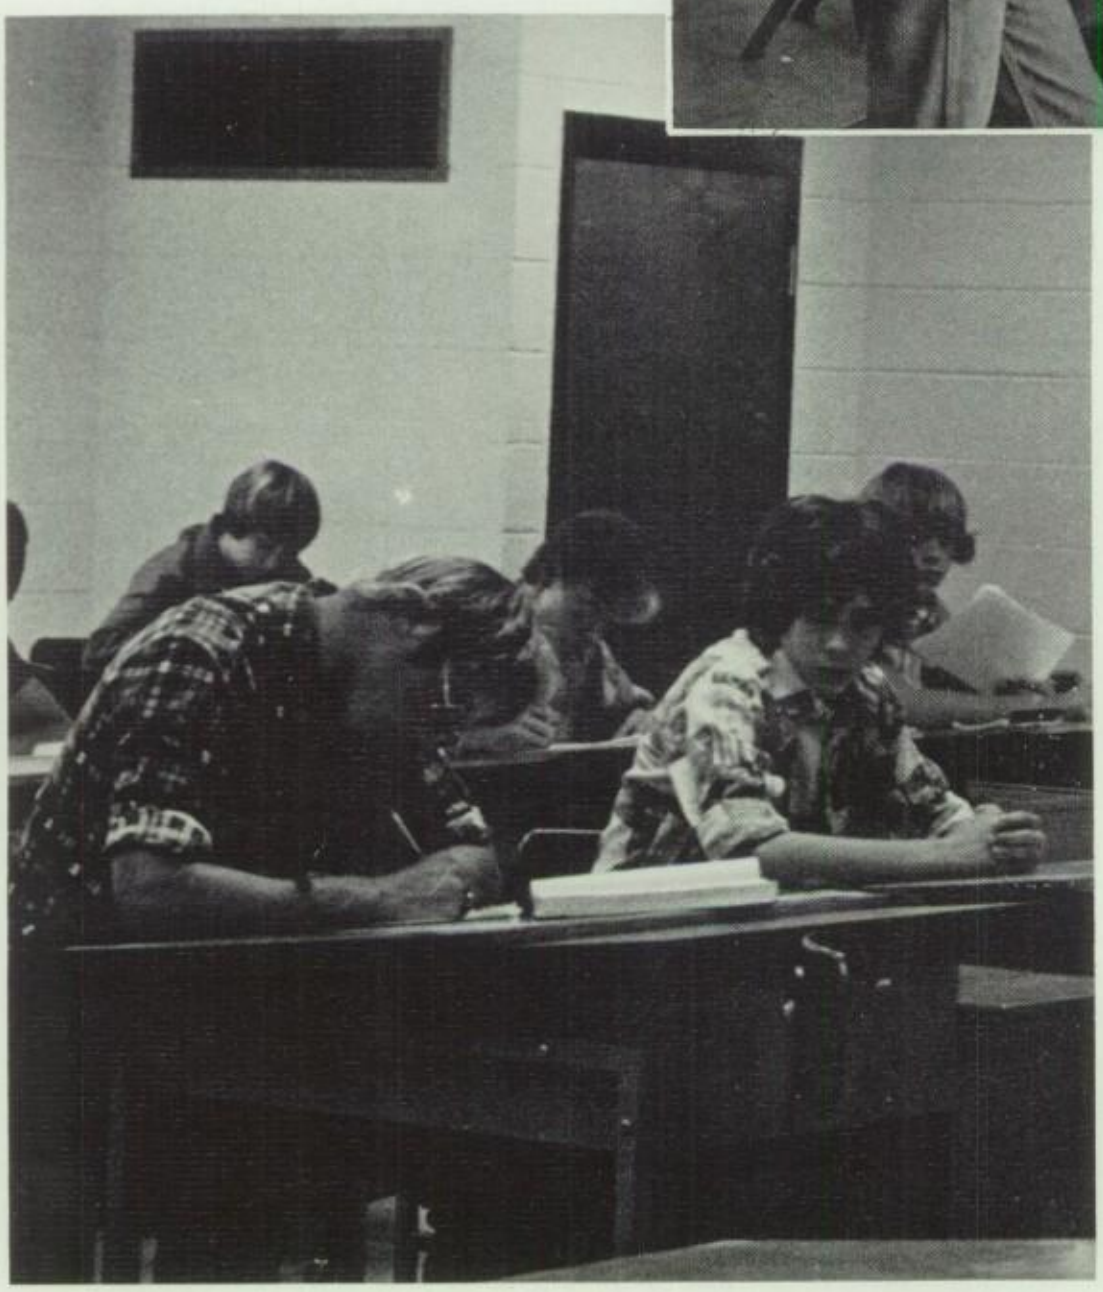
INDUSTRIAL ARTS

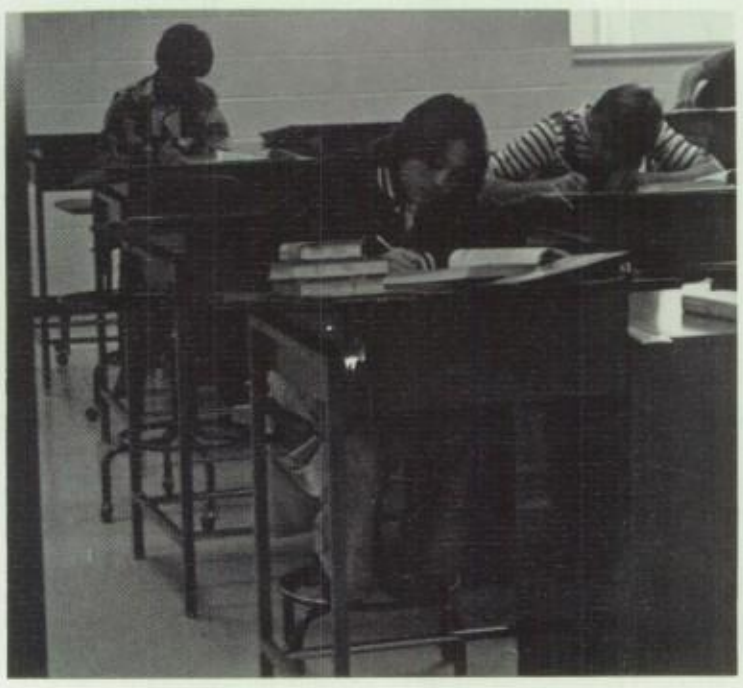
The woodworking program is geared to the individual students needs. After an intense safety program, the student is encouraged to design and construct pieces of furniture.

Mechanical drawing is a course that develops a background applicable to most fields. The course includes instruction inorthographic projection, lettering, pictorial drawings sections, and auxiliary views.

Top right: Hey! You better watch your finger.



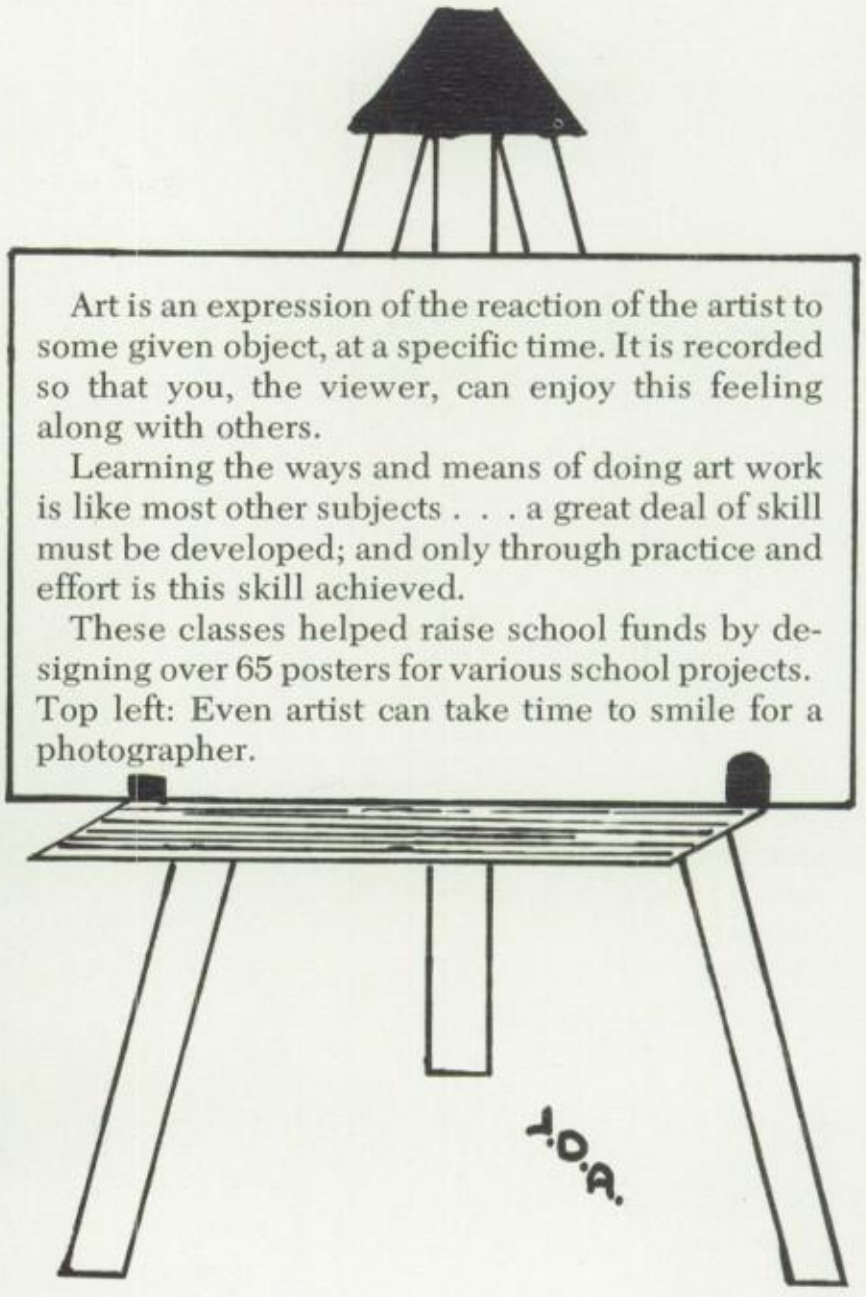




Above: It helps to have imagination. Middle Right: The beginning of a new project. Bottom right: Concentration is the key to this game.

ARTS & CRAFTS

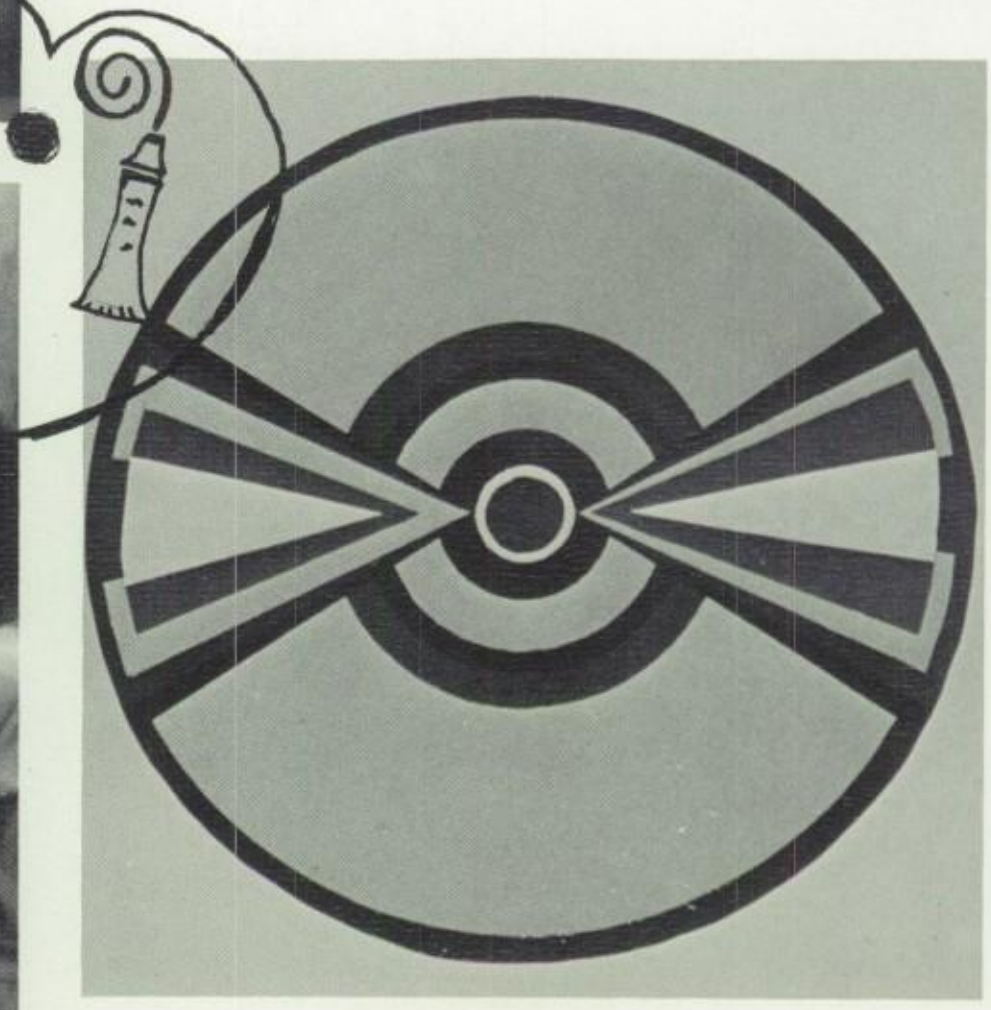
Is this what you call using your creative ability?



Art is an expression of the reaction of the artist to some given object, at a specific time. It is recorded so that you, the viewer, can enjoy this feeling along with others.

Learning the ways and means of doing art work is like most other subjects . . . a great deal of skill must be developed; and only through practice and effort is this skill achieved.

These classes helped raise school funds by designing over 65 posters for various school projects. Top left: Even artist can take time to smile for a photographer.



This colorful painting adds a bright touch to our cafeteria.

VO-TECH

The Mid Del Vocational Technical Center provides a large variety of courses in the industrial field. Among these courses are: Nursing, Carpentry, Auto Mechanics, Health Careers, Drafting Technology, Electronics Technology, Plumbing, and Cosmetology.

The student receives an education and training in the field of his choice. After completing one of these courses students are prepared for a job in their field.

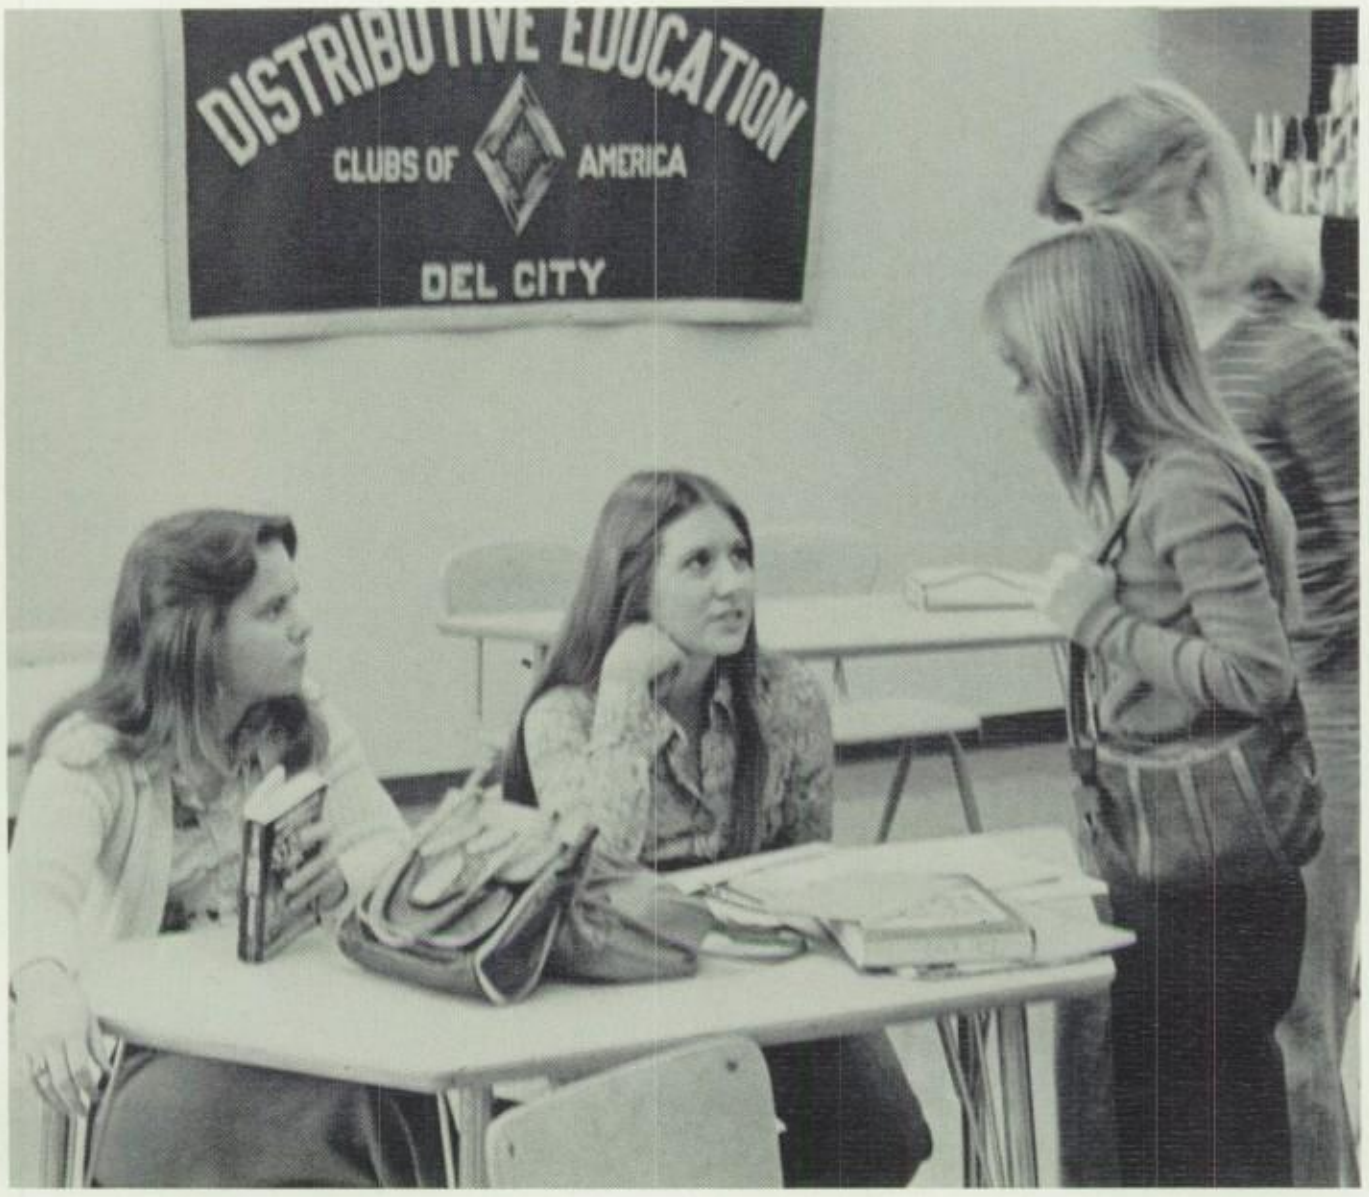
DISTRIBUTIVE EDUCATION

D.E. is a program that emphasizes sales and marketing. Students enrolled as juniors or seniors in the program are required to be employed in a distributive job for a minimum of 10 hours per week. The course emphasizes basic skills needed in securing employment, keeping the job, and advancing to higher positions. Areas of study include: job interview, applications, and resume; Basic skills include: advertising, display, and human relations training.

Working with money is an important part of marketing.

These students demonstrate the usefulness of display racks.



Carrie Beller and Jeananne Manley discuss the class with friends.

These seniors seem interested in Mr. Hawkins discussion.

BUSINESS

The business department of DCHS offers the development of skills and attitudes for personal and vocational use. Over 1,500 DCHS students are enrolled in a business course this year.

Typing I, Typing II, Shorthand I, Shorthand II, Accounting I, Accounting II, Business Machines, Business Math, Business Law, Office Practice, Record Keeping, Consumer Economics, and General Business are our basic business courses.

Our vocational business classes are: General Cooperative Office Education and Secretarial Cooperative Office Education.

Business subjects have proved to be good courses, both personally and vocationally.

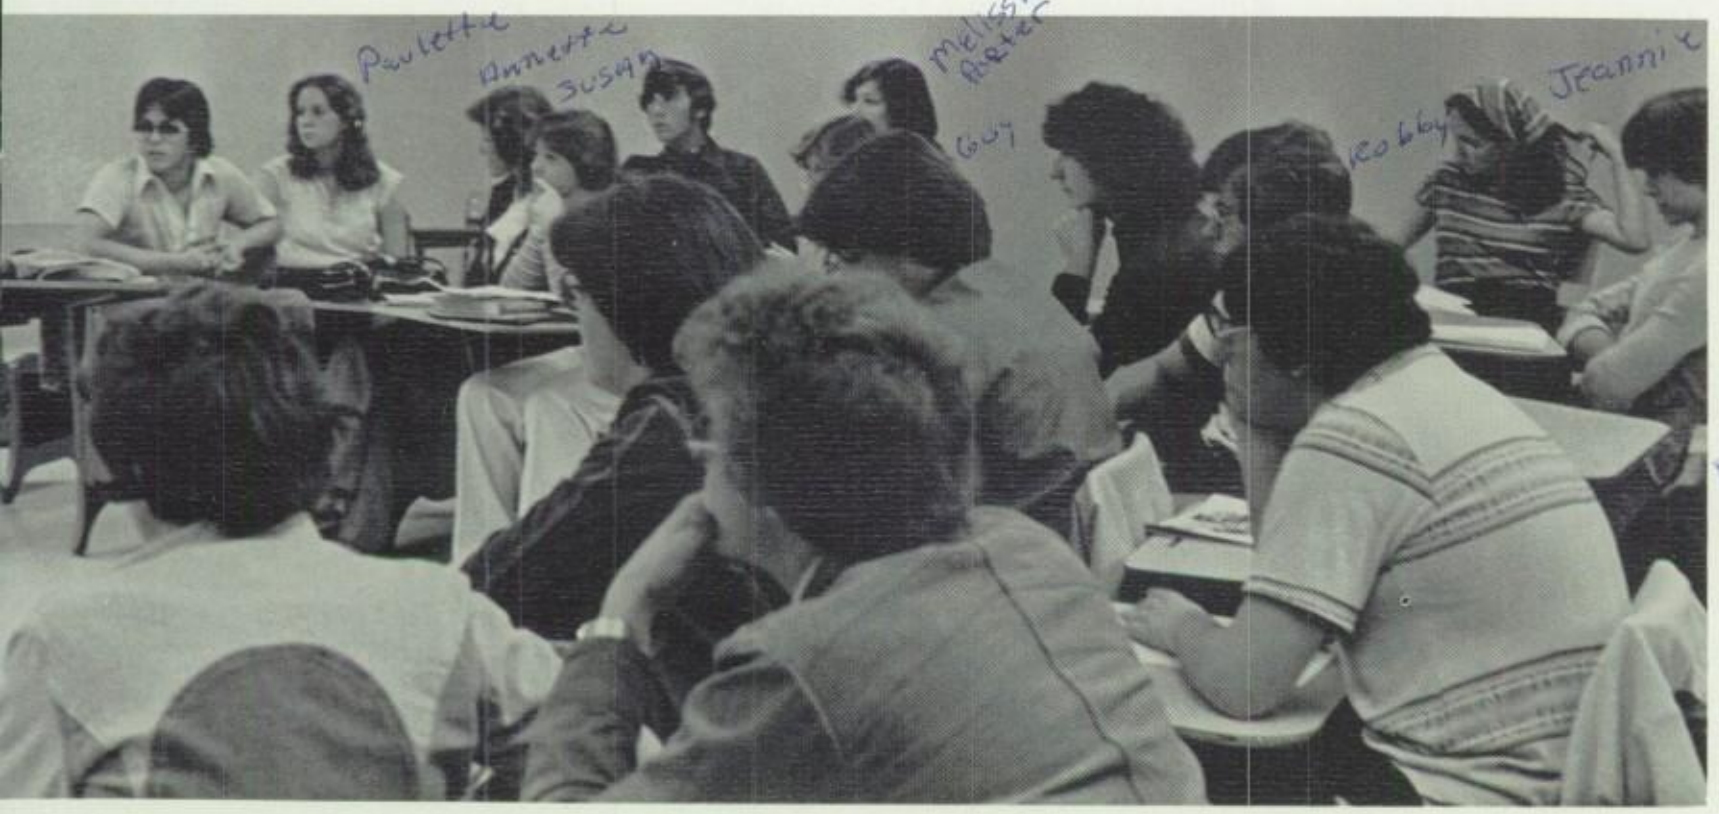
SPEECH & DRAMA

Speech and Drama classes are for the students who want to learn to express themselves well in front of other people. These courses are essential to any student wishing to enter an acting career. Top — Members of the Play Production class rehearse for the childrens play. Bottom — Speech class works in the library.

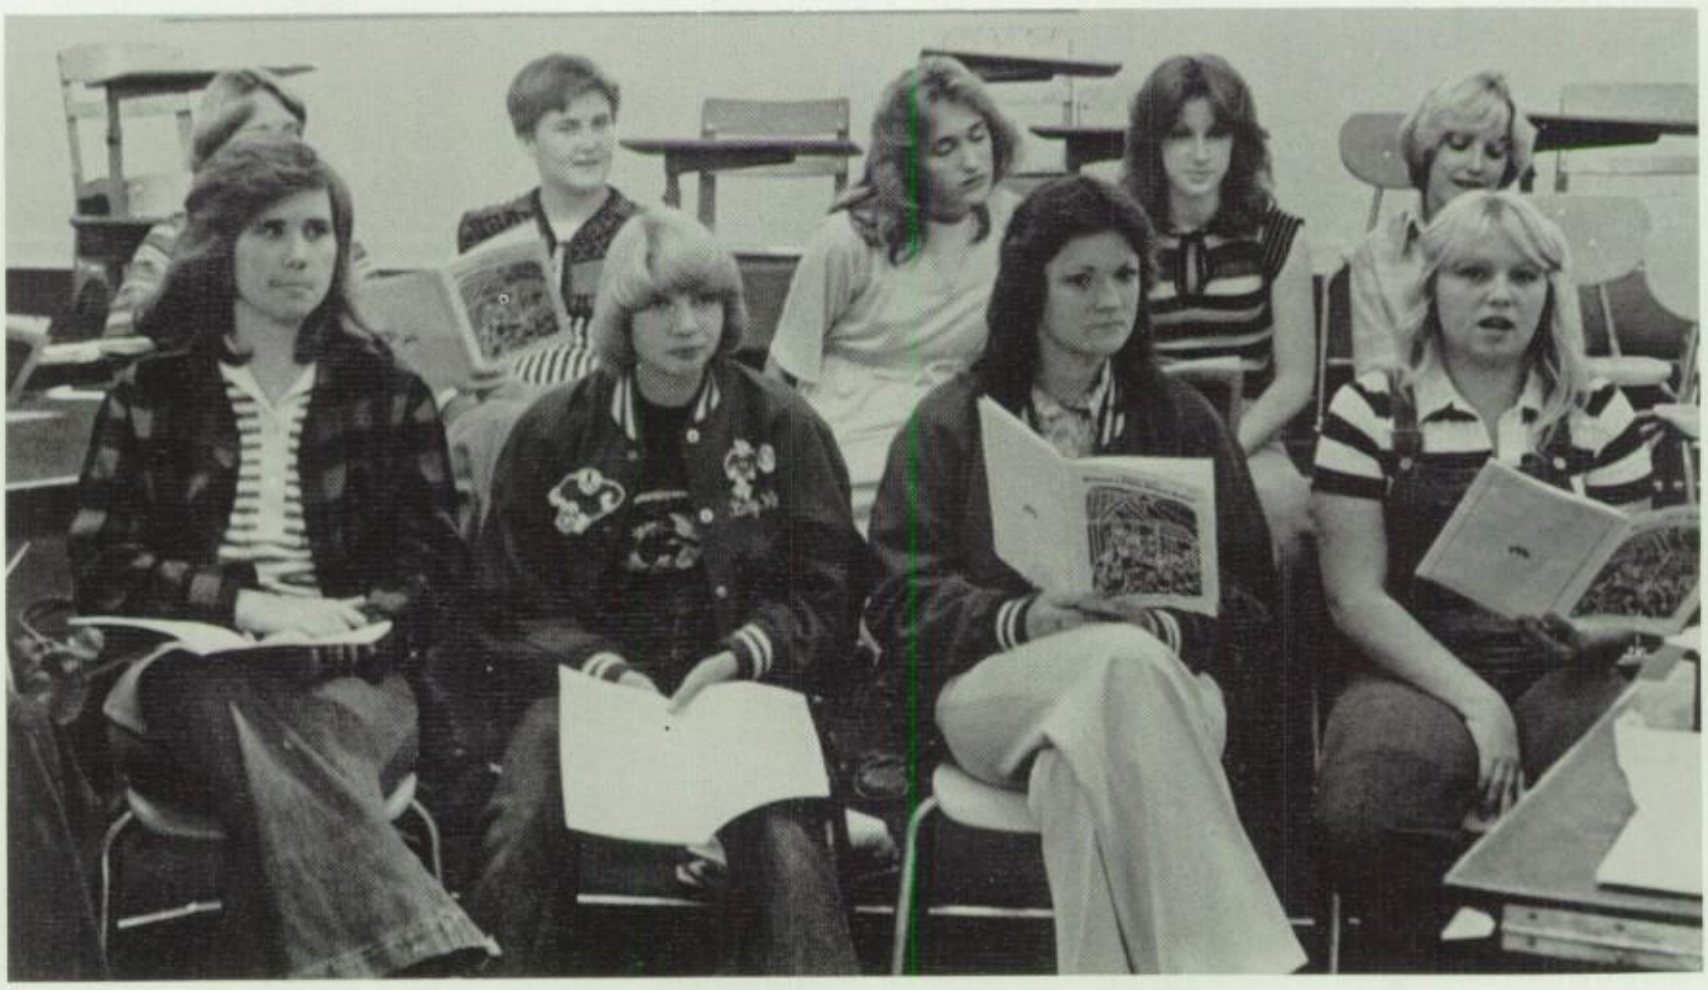


Top — Play Production does many classroom rehearsals. Middle — Play Production teaches how to express themselves in front of other people, but also to listen and watch others. Right — Speech class learns to express themselves.

VOCAL MUSIC

Vocal Music classes are broken up into three areas: Del Aires, which represents the school in contests; Ensemble, which is the main public relations organization for the school; and Mixed Chorus, this class learns fundamental voice technique while participating in a choir situation.

Reading music is essential in music.



Listening is a big part of music.

BAND

Band class is an important addition to any school. Del City High was gifted in the amount of students enrolled in the class and the talent they showed. The students made the year outstanding by playing music that made the whole school proud. Left: Ken McBride, Crystal Sullivan, Mark Michaud, Jimmy Laughlin, and Lisa Wullenwaber practice diligently.

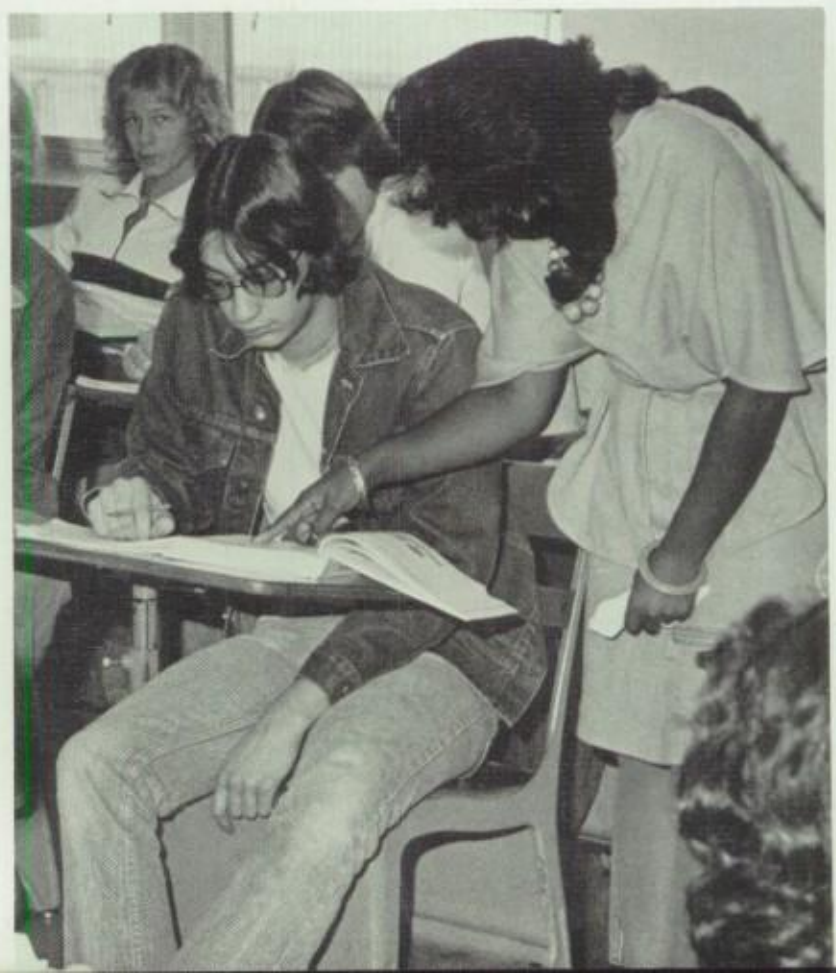
SPECIAL EDUCATION

Special Education is for those students who find the regular classroom work harder than the other students. This special class aides these students in understanding their subjects. Above-Students work hard to understand their assignments.

Below—Mrs. Morehead helps a student.

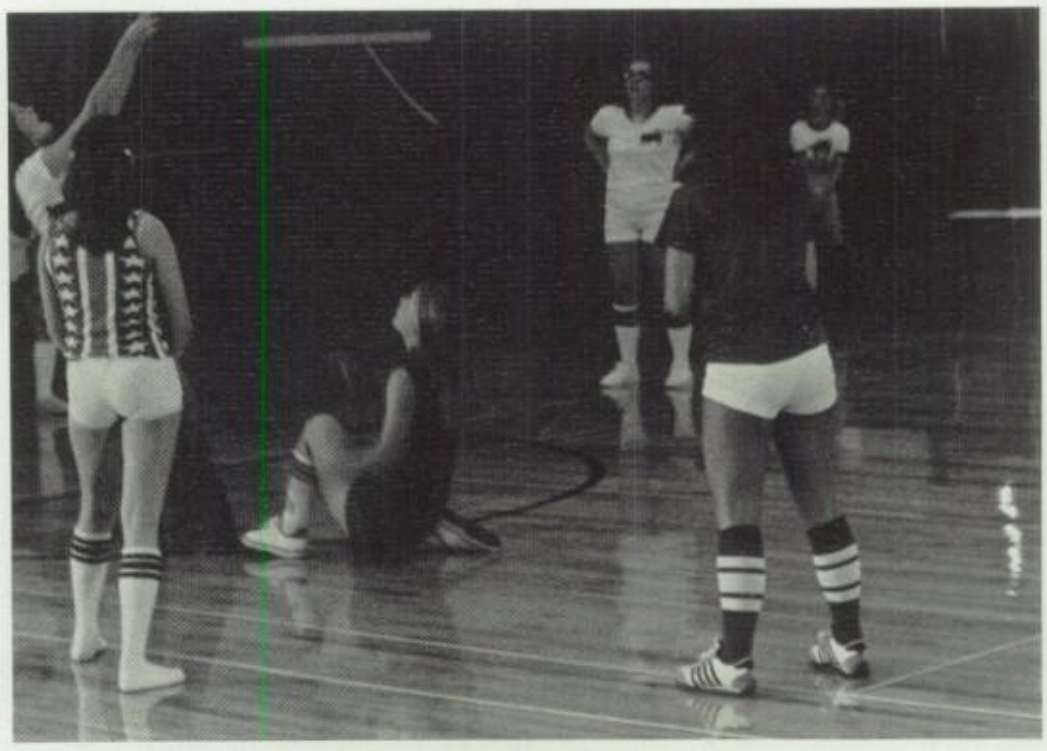


DRIVERS EDUCATION

Drivers Education students learn to drive with safety. They are taught to watch out not only for themselves, but also the other person. Each class is divided into three areas: classroom, actual driving, and simulation. Above-simulators prove to be an exciting experience. Left-Cars are sometimes harder to start than others. Below-Students wait until they are instructed to start their simulators.

GYM

Gym class is a way to use up extra energy. The classes have mini-courses in soccer, tennis, touch football, badminton, gymnastics, volleyball, bowling, basketball, softball, track, self defense, wrestling appreciation, table tennis, and some co-ed activities.

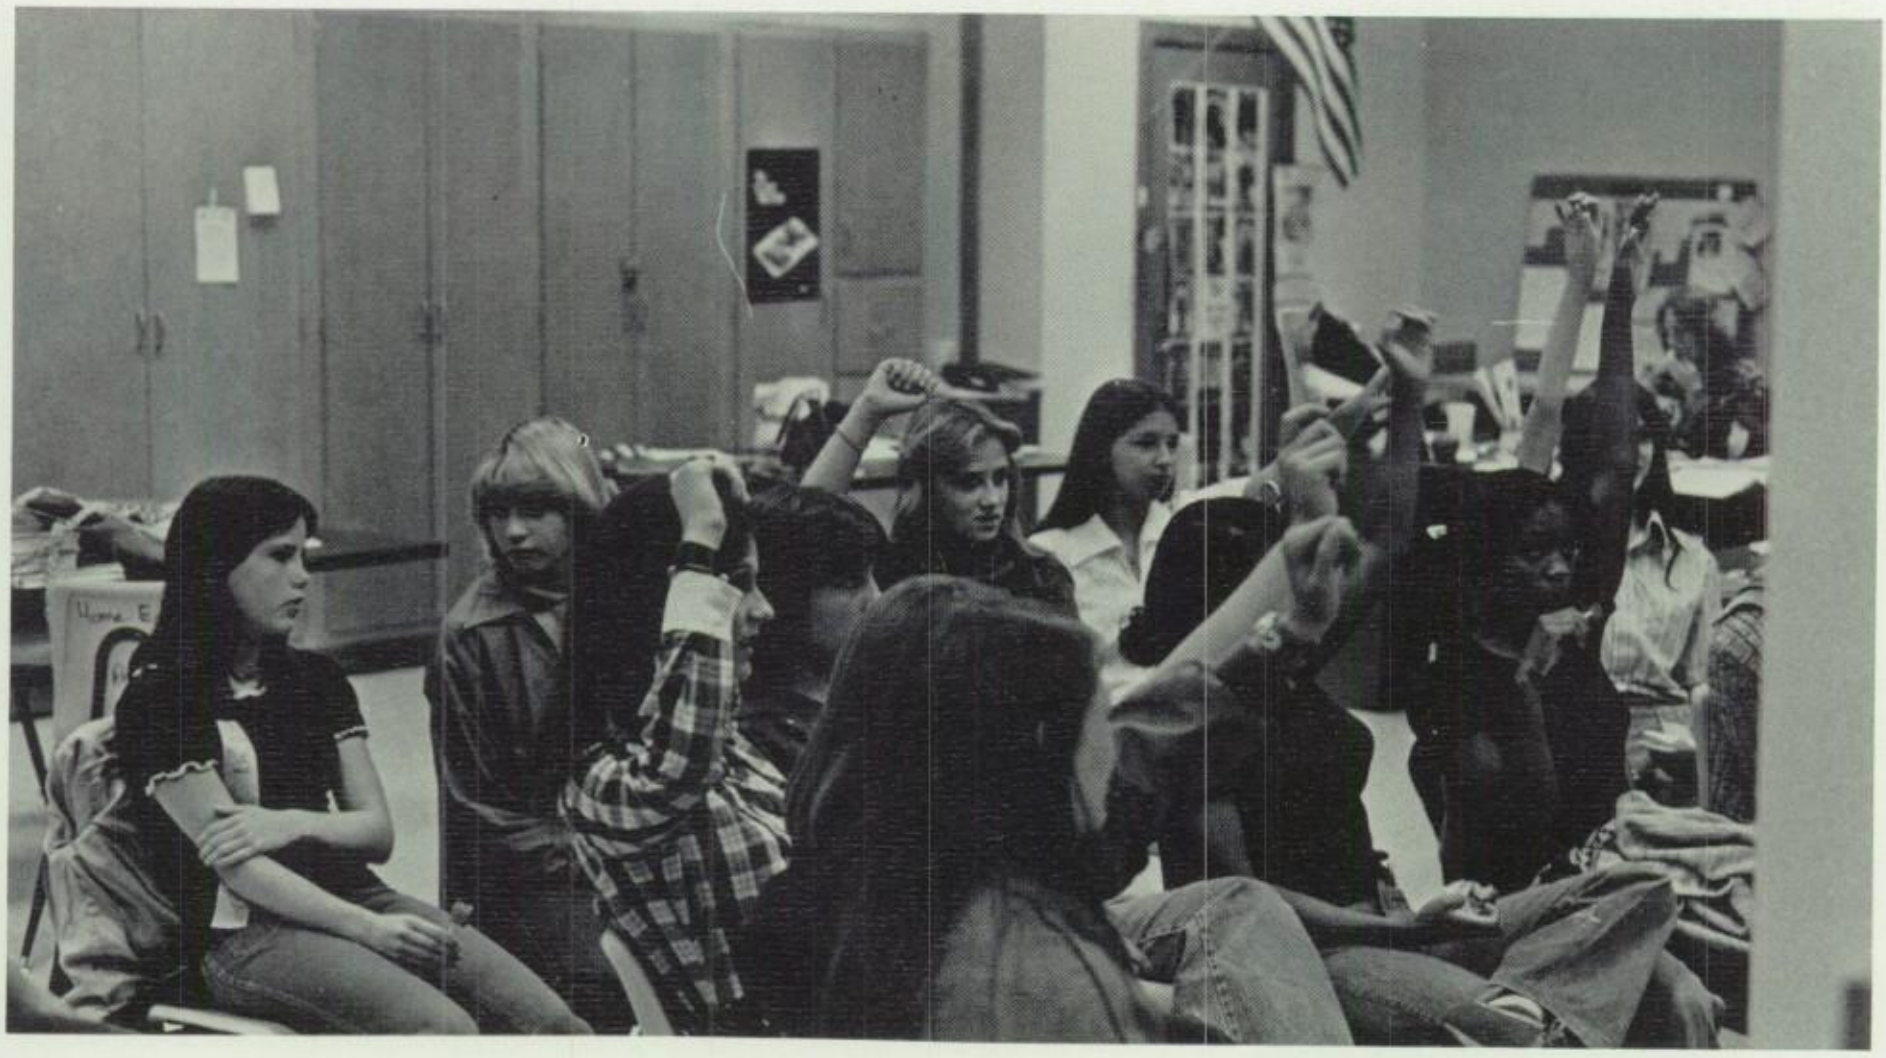


Top — Mrs. Morrison's P.E. class is warming up for the volleyball game. Middle — Gym classes stay active throughout the year. Bottom — The boys' P.E. class really enjoys volleyball.

HOME ECONOMICS

Home Economics is broken up into four areas: Home Economics II, Home Economics III, Home Economics IV, and Family Living. Each of these classes are designed to help the student understand himself and others.

Top — Family Living classes plan a wedding as one of their projects. Bottom — This Home Economics class has the answer.



PEOPLE

No man is an island entire of itself; every man is a piece of the continent, a part of the main. If a clod be washed away by the sea, Europe is the less, as well as if a promontory were, as well as if a manor of thy friend's or of thine own were. Any man's death diminishes me, because I am involved in mankind, and therefore never send to know for whom the bell tolls; it tolls for thee.

John Donne

Board Makes Decisions

Mr. Lewis Eubanks, Superintendent of Midwest City — Del City Schools, and the school board work closely together with teachers, students, and parents to formulate work to keep the system in accordance with Oklahoma law and the State Board of Education. They have helped to develop the schools into a progressive and an academically sound system.

Through Mr. Eubank's dedicated service, students have been able to shape their curriculum to fit their plans for future employment. The ever improving excellence of his devoted and capable administrative abilities have led to the recognition of high standards for the Midwest City — Del City school system in Oklahoma schools.

Working with Mr. Eubanks to achieve the goals are: Don Becker, Melvin Decker, Dr. Anthony Thomas, Louise Moore, and Billy B. Crouch.

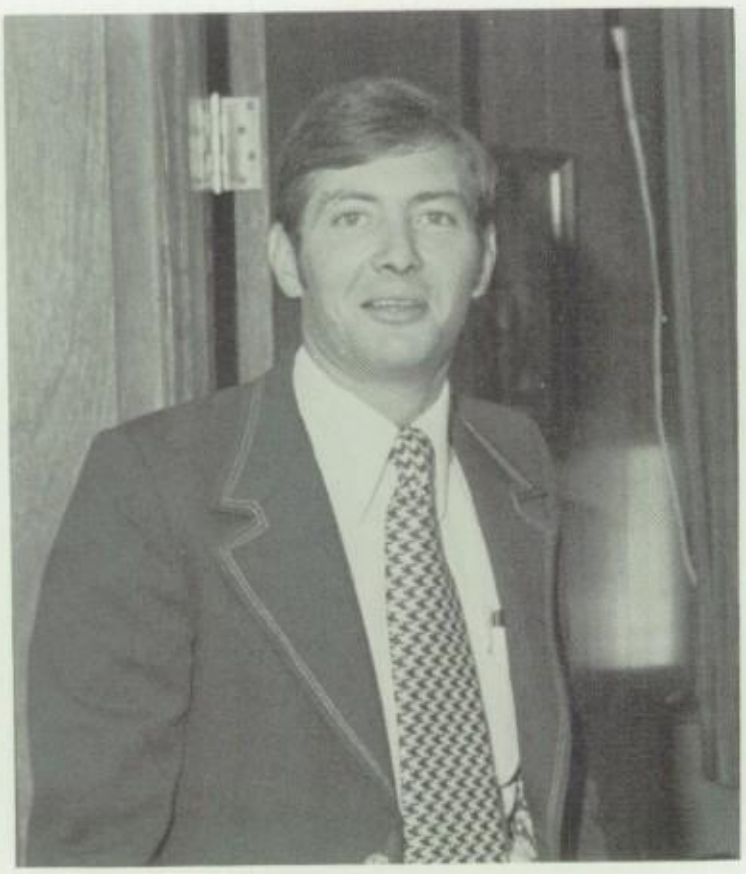
Mr. Holland speaks to Mrs. Davis

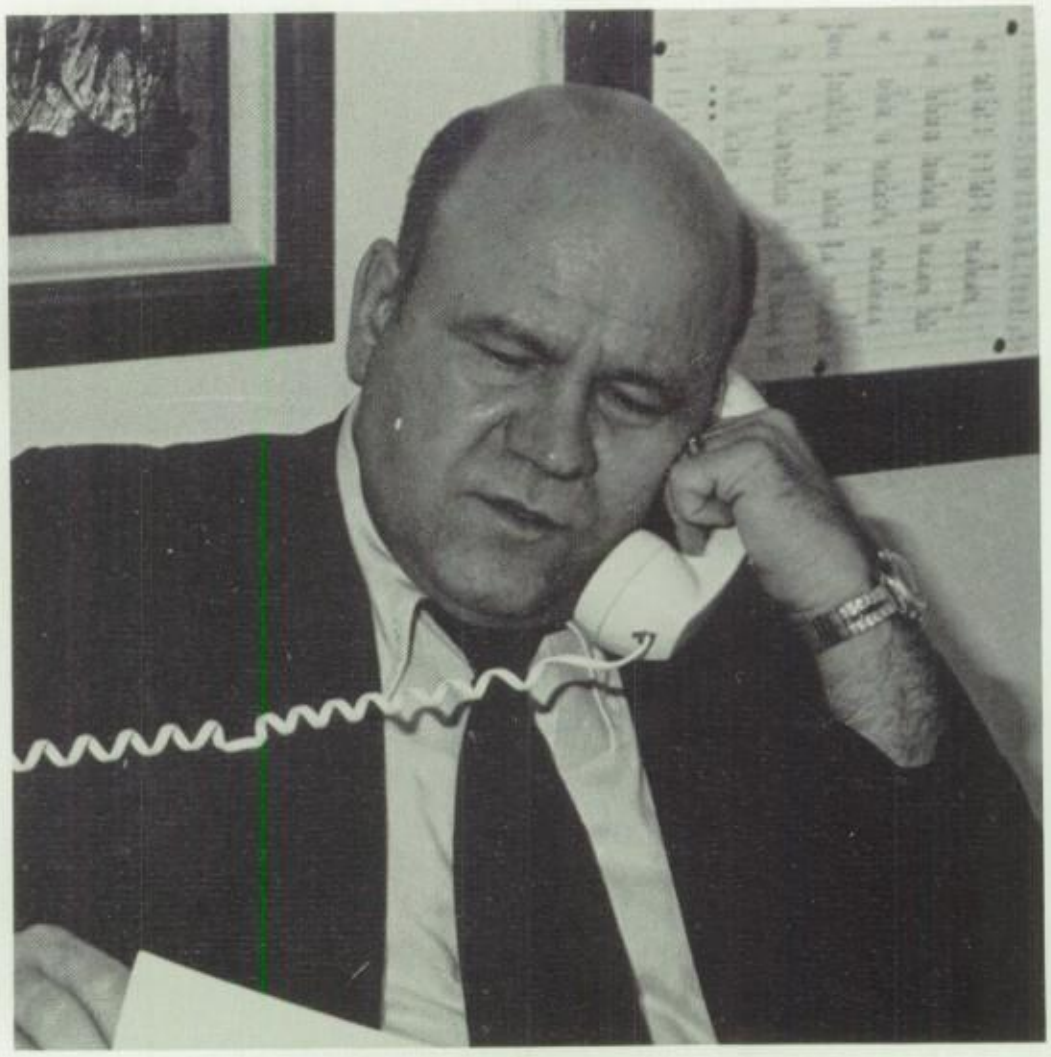
Mr. Leo Holland was at Del City as principal for his third year. Working with the student body he helped make 1977-1978 a year to remember.

As principal Mr. Holland coordinated the efforts of the entire teaching staff and served as a liaison with the central administration of the shcool system. He handled personal problems, school policys, public matters, and program planning.

Mr. Holland was always willing to consult with any student or faculty member regarding new ideas or problems.



Mr. Strahorn stops to pose for a picture.



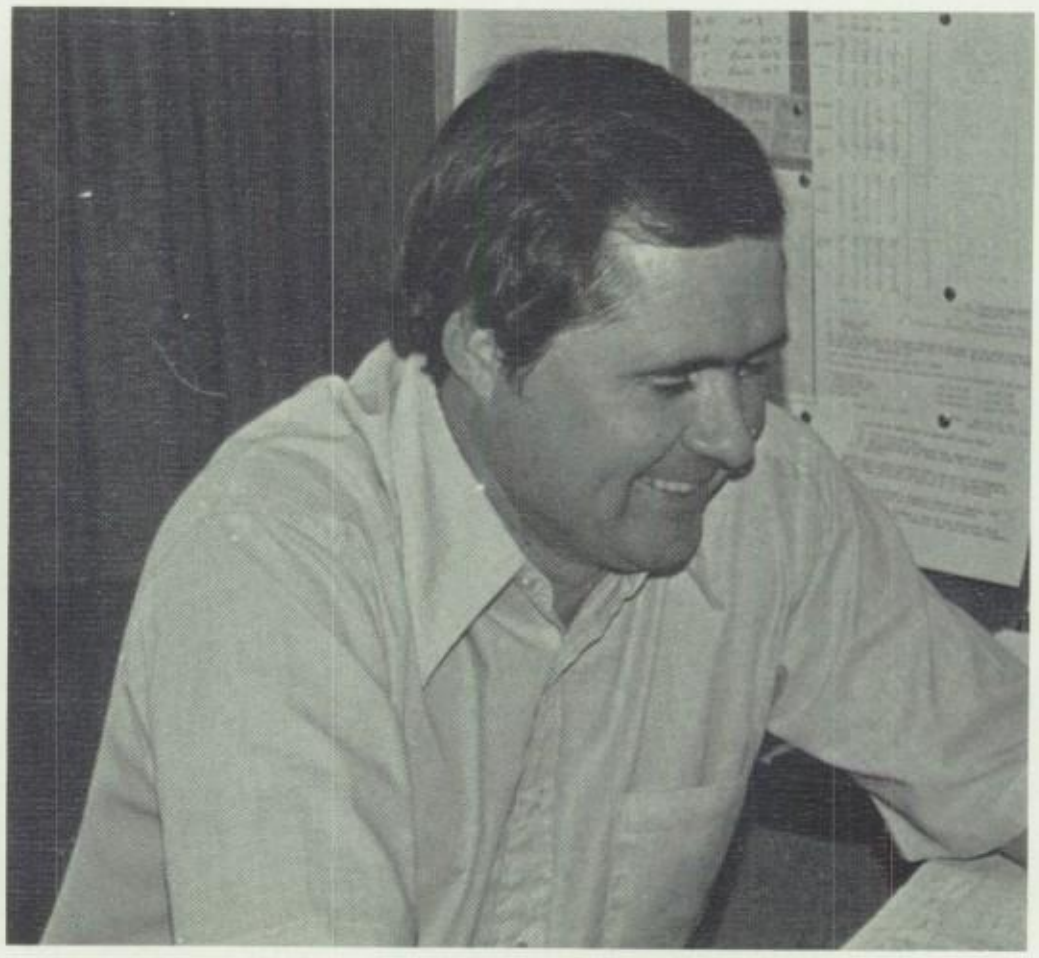
Mr. Richardson works hard to rearrange schedules.

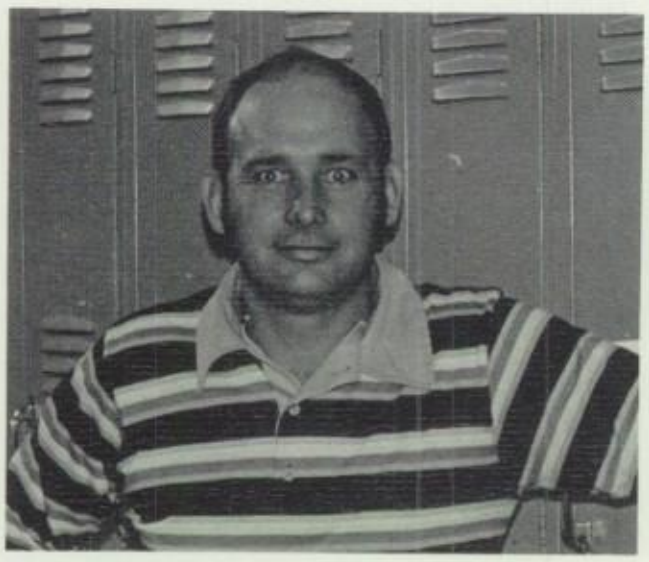
Principals Promote Programs For Students

Helping Mr. Holland in the positions of Assistant principal were Mr. Don Colston, Mr. Arnold Richardson, and Mr. Richard Strahorn. These men were always kept busy with their duties . . As a combined force . . . the assistant principals were responsible for provision of textbooks and equipment, scheduling, assemblies, field trips, bus routes and enforcing discipline . . They were also in charge of attendance, lockers, substitute teachers management of the offices, and supervision of all athletic events and extracurricular functions held at Del City High School.

Students' association with the assistant principals came mainly when they had to obtain admits to class. Admits were issued to seniors by Mr. Colston, to juniors by Mr. Richardson, and to the sophomores by Mr. Strahorn.

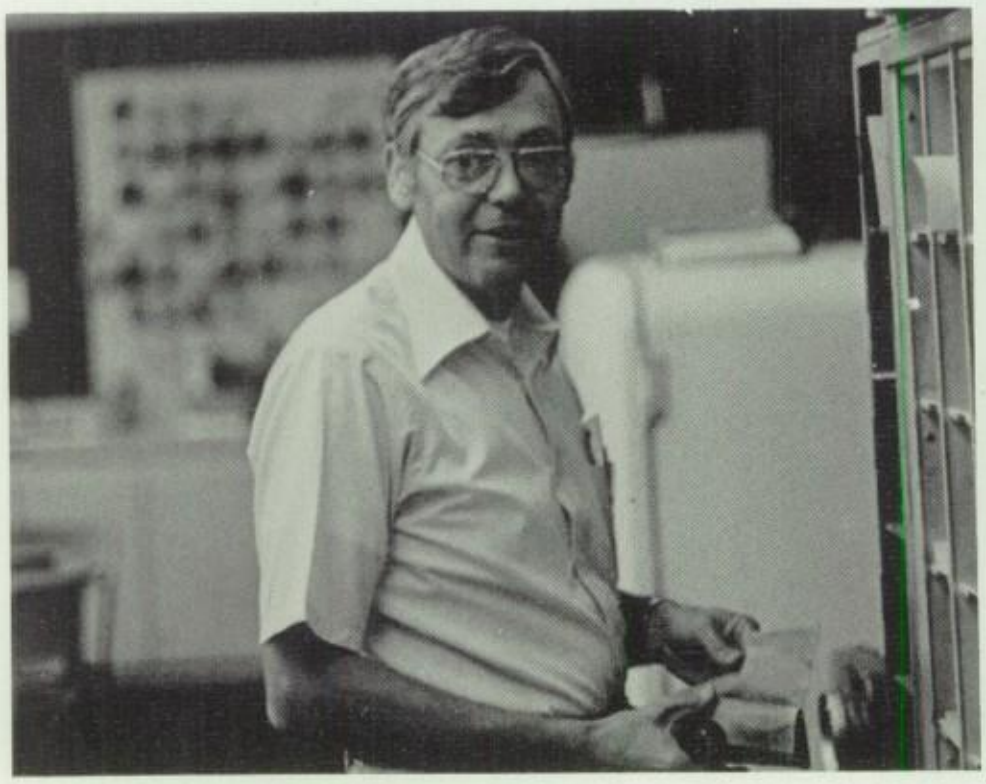
COUNSELORS HELP STUDENTS

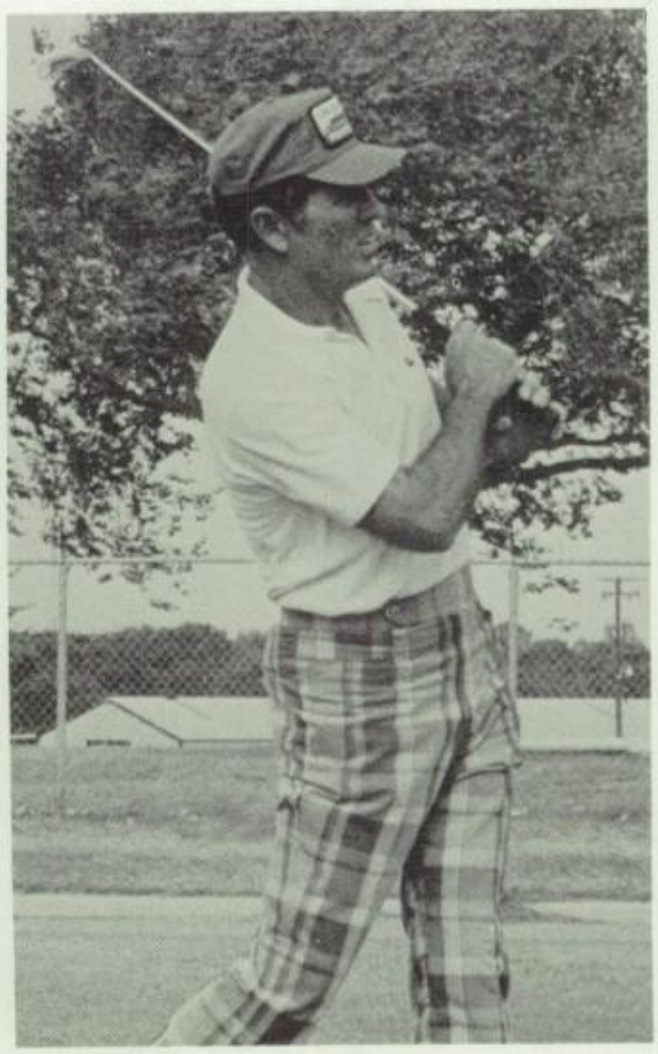




Above Right: Mrs. Thompson smiles for a picture. Above Left: Mr. Richey works hard. Center Left: Mr. Smith poses for a picture. Center Right: Mrs. Davis looks content. Bottom: Mr. Green stops to show a friendly attitude. To start off the year the four counselors were busy with schedule changes and the new Advisory Period. Instead of counselors being assigned to different sections of the alphabet. They were assigned to classes. Counselors were always willing to offer their guidance in career choices, college entrance and testing. They were always willing to offer any help they could.

Faculty Begins New Year





The beginning of a new year. Just as students, teachers are also apprehensive as the new year begins. Some of the new faces this year are: Buddy Armstrong; Rick Bachman; Debbie Brown; Jim Clemmons; Charles Curtis; Marie Davis; Paul Dickson; Carl Smith.

We all hope that these new teachers have been given a year that they will never forget. Above right: Winston Havenstrite improves his golf form.

Mrs. Duncan gets angry easy they say.

Mr. Newman shows off his starfish.

Mrs. Fritzler does her homework.

Secretaries Aid Administration

Without the help of the secretaries the administration could not have run so efficiently. The secretaries helped in many ways from the main office, to the attendance office. The secretaries worked hard to make sure that their principals were pleased with their work .

Terry Williams helps Mr. Manning.

Lois Powers helps in the sophomore office.

Barbara Frazier works hard in the counseling office.

Mrs. Shuck and Mrs. Sharp work in the Attendance office .

Main office secretaries work hard .

Cafeteria Adds Welcome

Mr. Causer works hard in the field house.

Cafeteria workers arrive early in the morning and work late in the afternoon so they can make sure they will have hot lunchs for both lunch hours, then they stay and prepare for the next day.

The work of the custodians were appreciated by all of the student body. They were very happy that the custodians did such a fine job at keeping our school clean.

Left to Right: Mr. Gentry, Mrs. Cozens, Mr. Vick, Mrs. Vick.

Front Row: Lola McClevinus, Charlene Hooper, Ann Begarek, June Hobbs, Second Row: Ella Hancock, Emma Stewart, Carrie Robinson, Lorene Kelley, Oletia Porter, Wanda Gregory, June Zimmerman.

A FIRST CLASS WINTER

The ferocity of this year's winter may never be forgotten. However, a lesson may be learned from every situation. Therefore, toward a demonstration of that rule, the following text is presented: HOW TO SIEZE AN ICICLE. Your instructors are Tori Fields, Leslie Charboneau, and Lisa Goeller.

The first step is to elevate one's position.

If at first you don't succeed . . . find a longer icicle.

Tori comments that extreme caution should be used while moving.

Success at last.

The thrill of victory.

MANY DIFFERENT PERSONALITIES

The whole world, especially Del City, is blessed with people who have many and varied interests. This leads us to the universal truth that no two people are alike.

THIS PAGE: Above; Kurt Conrad demonstrates total concentration. Above Right; Seniors search for the path to the future in all directions. Right; Everyone seems to be all smiles on the side lines. SENIOR FAVORITES

This year's Senior Favorites were chosen in a very unique way. These seniors were nominated by their class which consisted of more than six-hundred students. Usually the favorites are nominated by the senior English teachers, but this year the staff decided to let the students have a voice in their election. Since their sophomore year, these seniors have dreamed of becoming one of the elected-few. To be nominated was considered an honor but to be elected was far more in their expectations. CONGRATULATIONS SENIORS!!!

ABOVE: Smokey McCarthy puts quick fake on Bombers. BELOW: Eagle Defense has this play totally under control.

With the passing and running of quarterback Smokey McCarthy and the determination of players such as Steve Warrington, Bobby Williams, Jon Sikes and Tony Ellis the offense was one of the best ever.

After their victory over Grant of 26-12 the Eagles went on to have a tight squeeze past Moore of 16-14. The John Marshall Bears showed no competition at all as DC defeated them 22-6, then went on to defeat Carl Albert 21-10 in a great homecoming victory. Then the Eagles giving a hard fight were defeated by Midwest City 22-12. But the Eagles came back the next game to beat the undefeated team, Southeast, 26-19. After this tough game the Eagles were thrown to another defeat by Putnam City 27-6. This defeat didn't stop the Eagles as they got some of last years revenge on Edmond with a win of 26-12. They ended their season with a defeat over Capitol Hill of 35-12.

CAGERS CAUSE THREAT

Jeff Nevins in the air fighting for the rebound against the pirates.

This year the boys basketball team was coached by Buddy Armstrong. Being his first year, Coach Armstrong was very excited about the season. This new coach also gave everyone on the team a new chance. They proved to many fans that their losing season of last year was far gone. Winning their first 3 games against Putnam City West, Grant, and Moore set them on the right foot for a great season. With 5 returning Seniors, 4 Juniors and 4 Sophomores, the Eagles showed great ability on the court. They proved this season was the best ever.

Jeff Nevins (33) and Max Hughey (40) wait anxiously for the rebound.

ROW 1 — M. Kilmer, F. Henderson, R. Nobles, H. Shuck, M. Crossly, G. Detweiler, C. Stevens Mgr, ROW 2 — Coach Fisher, G. Cotton, D. Bradley, M. Hughey, J. Nevins, A. Davis, V. Richardson, J. Williams, Coach Armstrong.

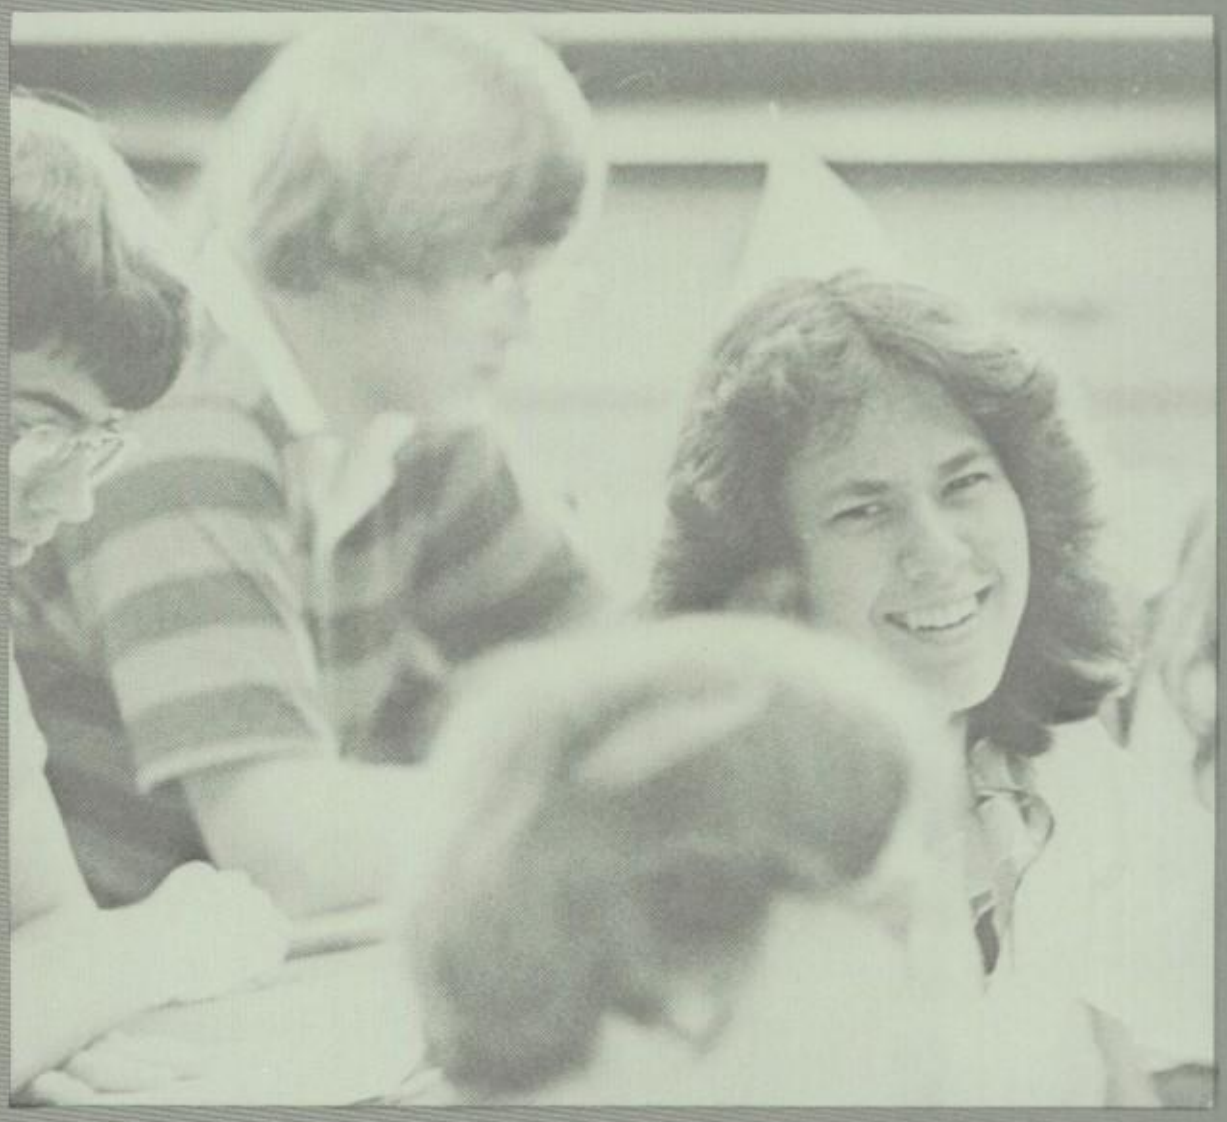
THE END . . . OR THE BEGINNING



The end of the year brings us to reflect on many things about the past. It's glories and defeats. The essay we should have written, but didn't. Coming to all those early morning club meetings. American History. Good friends. Reading Julius Caesar. Getting a driver's license. Getting a parking ticket. Going to a contest. Trying to memorize 500 spelling words in 5 minutes. Reading in the library. All of these experiences will, in some way, shape the rest of our lives. We may think of high school as one big course in General Education, but it is more than that. It is a testing ground in which we prove ourselves, and it is a refining station to prepare us, to get us ready to face the world. And the success of our lives will not depend on the facts and figures we learn in high school, but on the knowledge we should have gained about people. In the years to come, each of us will try to gauge our personal success. If we have understood people and tried to help them, the answer will be simple.

The task of living is real, but we will truimph because we have only reached a starting point.

"This is not the end. It is not even the beginning of the end. It is rather the end of the beginning." Winston Churchill.

I will prepare myself and someday my chance will come. — Abraham Lincoln

Del City High, the one we love,
Will be on high and far above.
The schools may come and go on by,
But our own Eagles soar on high.
We'll ne'er forget as years go by,
Our triumph schools, Del City High.

O, Father, let us understand
The future is in Thy right hand.
Our triumph glories must be won
By our ownselves and forgotten sons.
O, Father, grant us ever be
A strong arm of our history.
DEL CITY HIGH

Marvin,

All I can say is you are really sweet. You always make me feel comfortable and happy. Thank you for being a very special friend.

Love,
Laura

Marvin,

Thanks for such a great year in Bel Air + Daybreak. I am sure we will have a greater year next year. I am really counting on you. Come back ready to work.

Mr. Clutter

Marvin,

It has been a pleasure getting to know you this past year. I am really looking forward to being with you in "Daybreak" next year. Marvin, you are so much fun to be around! And you are also so sweet. Stay that way.

May God bless your life always!

Love ya,
Kelli Cottrell
Sr. '79

Marvin,

Thanks for being a great guy. I'm glad you made it to class. It was fun working with you. Keep up the good work.

Love,
Amy

Marvin,

You are a crazy guy. I'm glad you made it to B. in Daybreak's class. It gives me a feeling of home! Stay crazy and you'll be a person in my book.

Love,
Cory

Marvin,

I'm so glad I've gotten to know you. You're a great guy.

Good Luck

Marvin,
Well what can I say, school is over and summer's almost the same - all I can say is that you're a nice guy and a good friend, and I wish you luck next year. Have a great senior year including all the dances & senior expenses paid for, etc.
Good Luck always -
Love ya,
Juanita Lopez
